

## *Experience the Quality Difference*

### ***The Highest Quality and Craftsmanship***

*Discerning homeowners want to create something special. Quality Enclosures provides that 'wow' factor that transforms showers into experiences.*

### ***Industry-leading Warranty***

*Our commitment does not end when our shower is in your home. Our proven and tested products stand the test of time and we are here for support no matter what.*

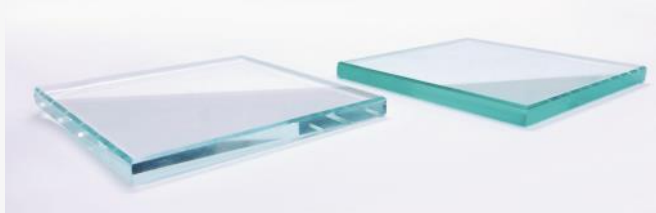

### ***Manufactured in the United States***

*Navigating constantly changing global conditions can be tricky. Our products are manufactured and assembled right here in the USA so that we can deliver the best crafted products to you quickly and accurately.*

# The Absolute Best Products

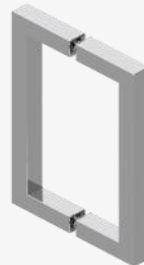

*1/2" Ultra Clear glass gives a visibly clearer surface color compared to the turquoise cast of Clear glass.*

*DFI glass protectants allow water to bead and slide off of the glass surface instead of pooling to leave behind water marks and residue.*

*Custom handles and mounting options allow a unique, personal touch of design to an otherwise standard enclosure layout.*

## ***Pacific Series - Heavy Glass***

*Add a level of depth and a sense of luxury to any bathroom. The bold presence and timeless simplicity of the Pacific Series can provide a spa-like impression to homeowners and guests. These enclosures can match any style and provide a truly personal touch to any bathroom with near limitless options available.*

**Shown with:** *3/8" Clear glass, Chrome finish hardware, Lincoln wall-mount hinges, 8" Square Pull handle, panels set in channel, transom above door*

### ***Alternative options to consider:***

*Polished Nickel hardware*

*Traditional Pull handle*

*Square clamp panel mounting*

## **Pacific Series - Heavy Glass**

*An enclosure with functional depth can transform a bathroom into a showcase of style and elegance. Return panels with mitered edges and recessed panel mounting create a seamless experience that invites immersion and enjoyment.*

**Shown with:** 3/8" Clear glass, Chrome finish hardware, Washington wall-mount hinges, 6" C-Pull handle, panels set in channel

### **Alternative options to consider:**

Brushed Nickel hardware

Arch style pull

Beveled clamp panel mounting

## ***Pacific Series - Heavy Glass***

*Our Pacific Series products offer the best luxury experiences available. The heavy glass, premium fixtures, and elegant mounting options found in this product line are all hallmarks of a beautiful shower enclosure and high-end design.*

***Shown with:*** 3/8" Clear glass, Chrome finish hardware, Lincoln wall-mount hinges, 8" Ladder Pull handle, panels set in channel, transom above door

***Alternative options to consider:***

*Brushed Nickel hardware*

*Mitered Round Pull*

*Square clamp panel mounting*

## **Pacific Series - Heavy Glass**

*The best spaces are the rooms that balance luxury with lightness, providing the feel of a spa that you can escape to at a moment's notice. Every custom enclosure we build is crafted with the idea of "safe, personal comfort" at the forefront.*

**Shown with:** 3/8" Clear glass, Brushed Nickel finish hardware, Lincoln wall-mount hinges, 8" C-Pull handle, panels with clamps

### **Alternative options to consider:**

Silver hardware

Double-sided towel bar

U-channel panel mounting

## ***Pacific Series - Heavy Glass***

*To create open spaces that allow a transfer of air and steam, our header systems can provide added stability and function as mounting points for pivot hinges while allowing airflow at the top where it's needed.*

***Shown with:*** 3/8" Clear glass, Chrome finish hardware, Roosevelt pivot hinges, 8" C-Pull handle, panels set in channel, header

### ***Alternative options to consider:***

*Polished Nickel hardware*

*Ladder Pull handle*

*Square clamp panel mounting*

## ***Pacific Series - Heavy Glass***

*Steam units like the enclosure featured on this page can be the perfect way to bring a relaxing spa into the comfort of your own home. The full height door and panels keep steam in during a shower for a sauna-like experience.*

**Shown with:** *3/8" Clear glass, Chrome finish hardware, Roosevelt pivot hinges, 8" C-Pull handle, panels set in channel*

### ***Alternative options to consider:***

*Brushed Nickel hardware*

*Double-sided towel bar*

*Beveled clamp panel mounting*

## **Caribbean Hybrid Series**

*Our Caribbean Hybrid Series is a true combination of our Pacific and Atlantic Series products, bringing together timeless style and practicality.*

*The door is 1/4" thick with fabricated hinges and is paired with 3/8" thick glass panels, giving a superior visual impression without compromising on material quality or elegance.*

**Shown with:** 3/8" Clear glass panels, 1/4" door with wall-mount hinges, through-glass 6" C-Pull (standard), Silver finish

### **Alternative options to consider:**

Brushed Nickel hardware

Ladder Pull handle

Square clamp panel mounting

## Caribbean Series

The Caribbean Series is our latest product, and combines the best features of our two most popular enclosures - the Pacific and the Atlantic.

Made entirely of 1/4" thick glass and featuring an industry-leading fabricated hinge door, the Caribbean Series offers the elegance of the Pacific Series with the ease of installation that makes the Atlantic Series so popular.

**Shown with:** 1/4" Clear glass panels, 1/4" semi-frameless door with wall-mount jamb hinge system, through-glass 6" C-Pull (standard), Brushed Nickel finish

### Alternative options to consider:

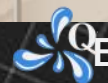

Dark Anodized hardware

Double-sided towel bar

Half-moon dam upgrade for base

## **Atlantic Series - Semi-Frameless**

*Our semi-frameless enclosures offer an elegant option to our Atlantic Series; a door without framing metal on all sides. A through-glass handle completes the look of a clean, luxurious shower that showcases the glass.*

**Shown with:** 1/4" Clear glass, Dark Anodized finish hardware, 6" C-pull handle, aquarium corner

### **Alternative options to consider:**

Brushed Nickel hardware

Mitered Round Pull

Knock-on Handle

## Atlantic Series - Framed

Simple, classic, economical, and mechanically durable, our framed enclosures are engineered to last a lifetime. They are available in a variety of configurations, from just a simple door to an expanded multi-angle wrap-around enclosure.

**Shown with:** Framed door with concealed hinge system, 1/4" Clear glass panels, framed-mounted handle, Brushed Nickel finish hardware

### Alternative options to consider:

Dark Anodized hardware

C-Pull through-glass handle

pp12-13

Panoramic Strike and Aquarium Corner  
(no corner post, no post between door  
and inline panel)

## ***Gulf Specialty Series - Euroglide***

*Euroglides are a popular way to improve the design of a bypass shower enclosure. The large rollers and mounting rod are a modern and industrial design that creates an open, clear presentation.*

**Shown with:** *3/8" Clear glass, Polished Stainless finish hardware, custom oversized ladder pull handle, additional return panel, wall-mount clips*

### ***Alternative options to consider:***

*Satin Etch Glass*

*Arch pull handle*

*U-Channel panel mounting*

## ***Gulf Specialty Series - Duoglide***

*Our Duoglide bypass offers sophistication and a distinctive design with two sliding doors. The emergence of headers with exposed rollers is a design shift towards a sleeker, more mechanical look.*

**Shown with:** *3/8" Clear glass, Brushed Stainless hardware, puck-style handle*

### ***Alternative options to consider:***

*Low Iron Glass*

*Single-sided towel bar*

*Polished Stainless hardware*

## ***Gulf Specialty Series - Duet***

*The Duet is a specialty bypasses and sliding door system that offers sophistication and a distinctive design. Headers with exposed rollers represent a design shift towards a sleeker, more mechanical look.*

***Shown with:*** 3/8" Clear glass, Brushed Chrome finish hardware, single-sided through-glass towel bars

### ***Alternative options to consider:***

*Polished Chrome hardware*

*Cushion knob*

*Puck-style handle*

## **Gulf Series - Semi-Frameless**

*Semi-frameless bypasses elegantly enhance visibility to help create an open and luxurious feel. These versatile enclosures offer easy access to both sides of the tub or shower.*

**Shown with:** 1/4" Clear glass, Dark Anodized finish hardware, through-glass towel bars

**Alternative options to consider:**

*Brushed Nickel hardware*

*3/8" Clear Glass*

*Puck-style handle*

## ***Gulf Series - Framed***

*Our bypasses and sliding door systems offer sophistication and distinctive designs that make an everlasting impression.*

*Our framed bypasses are ideal for installation in bathrooms where egress space is a premium.*

***Shown with:*** 3/16" Clear glass, frame-mounted towel bars, Silver finish

***Alternative options to consider:***

*Brushed Nickel hardware*

*Dark Anodized hardware*

# Protect Your Investment

Quality Enclosures proudly offers glass protection that uses nano-technology to protect and enhance the look of your enclosure during every day use.

Utilizes the Fusecube™ coating machine to mechanically apply the glass sealant accurately every time

- Limited lifetime warranty
- Easier to clean and maintain
- Up to 20% more brilliance in glass appearance
- Helps protect against scratches, hard water, and soap stains
- Save money over time - no need to buy special cleaning products
- Available on any type of glass
- Protects all six (6) sides of glass pieces

Visit [DFISolutions.com](http://DFISolutions.com) for more information

- Limited lifetime warranty
- Applied to single side of 3/8" and 1/2" Clear glass only
- Seals single side of the glass surface during the tempering process
- Resists buildup of soap and hard water stains
- Makes cleaning easier without need of special chemicals

# Warranty

*Every item we manufacture undergoes a rigorous development and testing process. Thousands of cycle times, pressure-tests, stress-tests, and certifications ensure that our products have the strength and durability that we are proud to put our name on.*

*Our goal isn't to meet industry standards; it's to exceed them. We use domestically-sourced materials that are above the standard requirements for thickness and density, which means that our products are produced and assembled right here in the United States of America and are intended to last a lifetime.*

*Our commitment to delivering a better product is backed by an industry-leading warranty on our glass and aluminum.*

## *Over 60 Years of American Craftsmanship*

*Quality Enclosures has been a leading force in the shower glass industry for decades, leaving a legacy for future generations.*

*With over 1 million shower enclosures installed in homes across America, our products showcase the craftsmanship and pride of our team, who are always striving to explore innovative ways to excel and improve.*

*Our passion and expertise are evident in every square foot of glass and inch of material we use as we continuously aim to deliver the very best.*

*Supported by a long history of growth in the industry, Quality Enclosures has consistently made a difference by setting a standard of excellence for over half a century.*

## *Family Owned and Operated for Generations*

*At Quality Enclosures, we treat each shower door as if it were going into our own home.*

*Our materials are the secret ingredients that make every shower enclosure stand out. We take pride in using the best materials available on the market, such as domestically sourced, premium-grade glass and T5 and T6 aircraft-grade aluminum for the frames. Our solid brass hinges are manufactured to our high standards of quality, durability, and beauty, and undergo rigorous cycle testing to ensure they last a lifetime.*

*Our commitment transcends mere durability; it's reflected in our exceptional enclosure designs that leave a lasting impression on your home. Our glass enclosures will become the talk of your household long after their installation.*

*L to R: Steve Schwartz (Southeast and Mid-Atlantic), Michael Schwartz (Northeast), Manny Schwartz (founder)*
