The Quality Standard

Tempered Glass products used for and produced by Quality Enclosures Inc. conform to ASTM C 1048 (Standard Specification for Heat Treated Glass)

Glass Requirements

- **Safety Glazing must be identified “CPSC 16 CFR Part 1201” or ANZI Z97.1” with a permanent label (LOGO) traceable to the producing Plant**
- **Glass shall be inspected visually as per the ASTM standards of 10 feet for all architectural and exterior glass**
- **Glass shall be inspected visually at 6 feet for all shower door glass** perpendicular from the surface in a well-lit area. If a light box is used as a light source, it shall be placed parallel to the Glass at 6 feet.
- **Central Viewing area** – The middle of the glass more than 3 inches distance from the edge
- **Border Area** – The outer edge of the glass within 3 inches of the edge
- **Glass Dimension** – (+/-) 1/16” on all stock and Tempered Glass
- **Notch / Hole Dimension** – (+/-) 1/8” on all Tempered Glass
- **Allowable defects** – Central Viewing Area
 - a. **Pinholes or Debris** < 1/32” with no more than 3 indications in a 12” circle
 - b. **Hair-line Scratches** < 1” long with no more than 2 indications in a 12” circle
- **Allowable Defects** – Border Area
 - a. **Pinholes or Debris** < 1/32” with no more than 5 indications in a 12” area
 - b. **Hair-Line scratches** < 2” long with no more than 3 indications in a 12” area
 - c. **Chips** – polished edge = none allowable
 - d. **Chips** – Seamed edge or notch = no more than 3/32” in from edge and a maximum depth of less than half the thickness of the glass
 - e. **Warp** – < 3/32” over a 96” length

Why Use Lincoln Series Hinges:

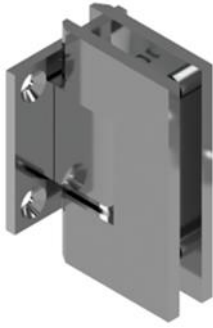

Strong and mechanically durable, Lincoln Series hinges are used most often in heavy-duty applications. These hinges support more weight and wider doors than most other options and fit a variety of different fabrication cutouts.

Comparable Hinges to the Lincoln Series:

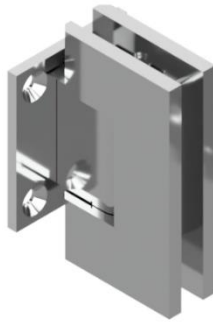

Lincoln Series Hinges with squared edges are comparable to CRL's Vienna series hinges and US Horizon's Maxum series hinges.

Lincoln Series Hinges with beveled edges are comparable to CRL's Cologne series hinges and US Horizon's Majestic series hinges.

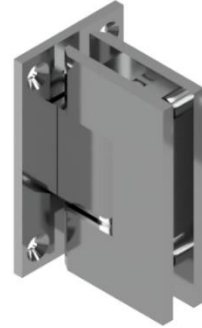

Washington Series Hinges

S - Silver • BN - Brushed Nickel • OB - Oil Rubbed Bronze • MB - Matte Black • PN - Polished Nickel

Cutout Templates:

Why Use Washington Series Hinges:

Our Washington series hinges are the original “deluxe” hinge; durable, reliable, and perfect for standard-sized doors. These hinges are the most popular option we offer and are available in a wide variety of styles and colors.

Comparable Hinges to the Washington Series:

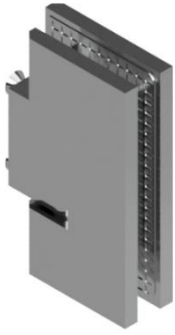

Washington Series Hinges with squared edges are comparable to CRL’s Geneva series hinges and US Horizon’s Designer series hinges.

Washington Series Hinges with beveled edges are comparable to CRL’s Pinnacle series hinges and US Horizon’s Premier series hinges.

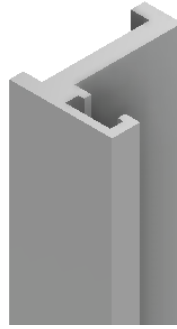

Pacific Series

Jamb Mount Hinge

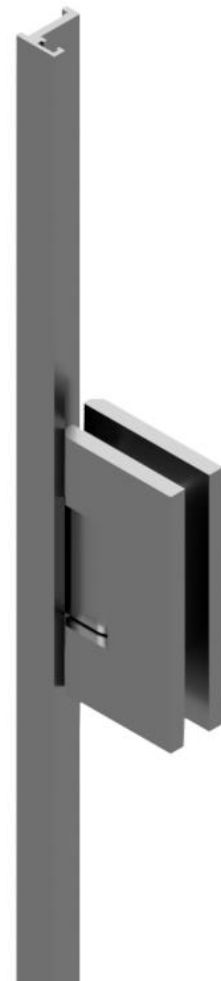

Jamb Mount Hinge (no rail)
Heavy Duty (110 lb./36" Width**)
 HI-HDJM
 Centerline Closing
 Squared Edges
 Cutout Templates **B, M**

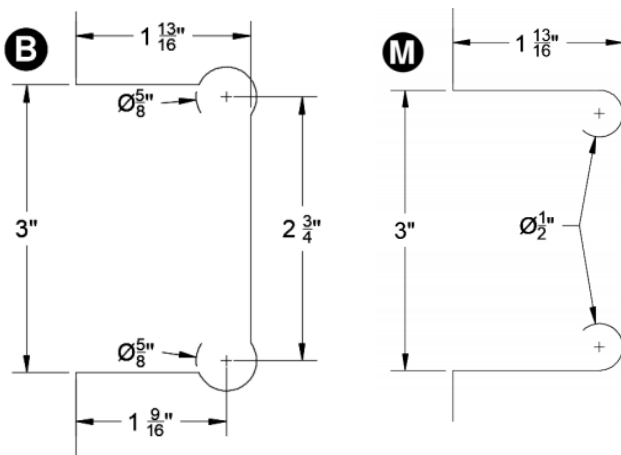

Jamb Mount Striker/Rail
 E-JMS
 Used for 3/8" and 1/2" glass

Why Use Jamb Mount Hinges:

Jamb Mount Hinges are an effective solution when mounting a door to a wall without structural backing. Because the rail supports the hinges and the weight of the door, these can be safely placed in areas where secure wooden beams in the wall aren't present.

Cutout Templates:

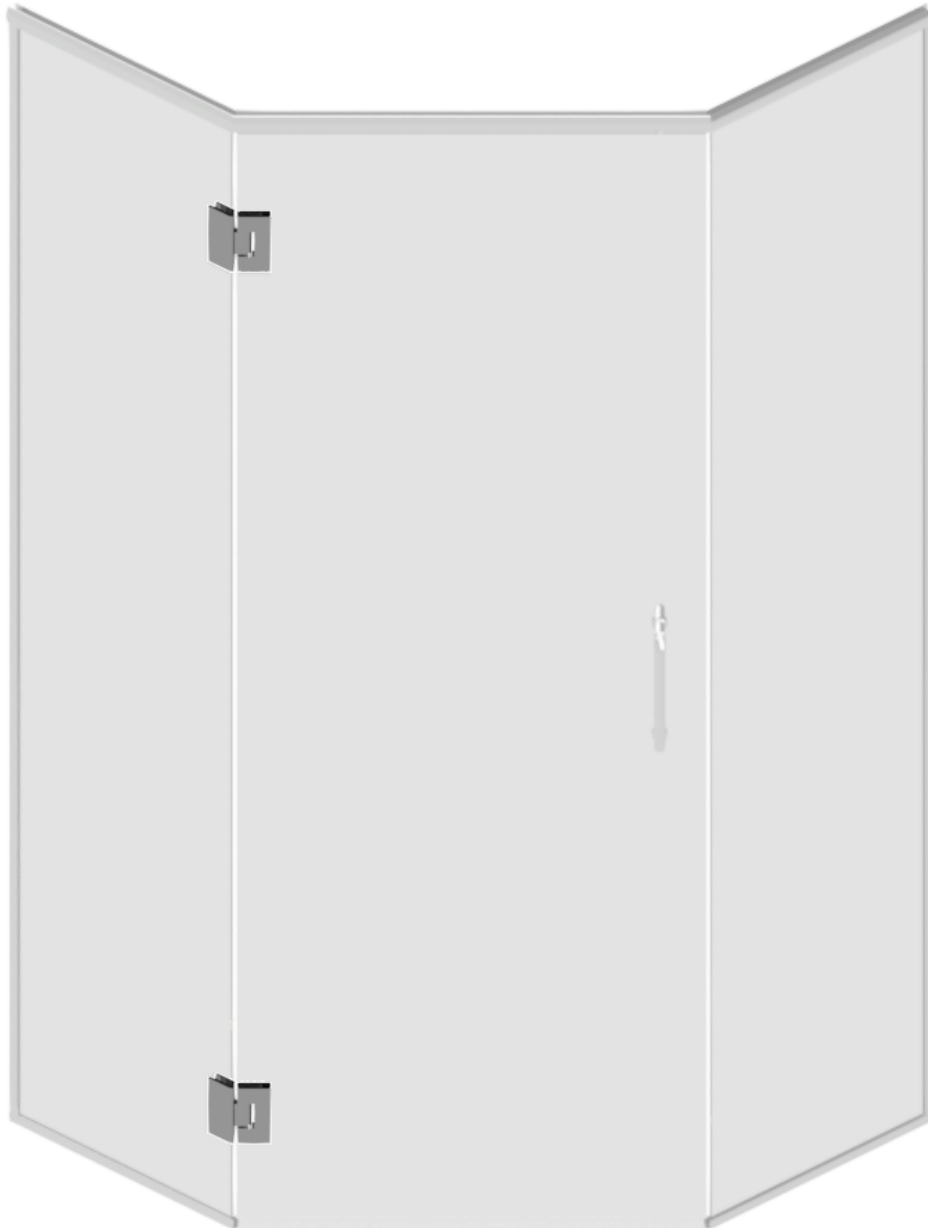

*Maximum door weight with two hinges/maximum door width

**Manufacturer recommends a maximum door width of 32" to avoid possible stress on tile/marble/glass/etc."

Cutout Template E

Cutout Templates:

Why use the Header Adapter Block?

If you had purchased the glass to header pivot hinge from another vendor, you will notice that it does not come with the header adapter block. We offer the header adapter block to complete the glass to header pivot hinges from those vendors.

The adapter block is not needed for Quality Enclosures glass to header pivot hinges as it comes with the adapter block out of the box.

*Maximum door weight with two hinges/maximum door width

**Manufacturer recommends a maximum door width of 32" to avoid possible stress on tile/marble/glass/etc."

S - Silver • BN - Brushed Nickel • OB - Oil Rubbed Bronze • MB - Matte Black • PN - Polished Nickel

Why Use Roosevelt Series Pivot Hinges:

Our Roosevelt Pivot Hinges offer a more aesthetically pleasing look than your standard glass-to-wall or glass-to-glass hinges as they are located at the top and bottom of the door which means they are further away from your line of sight. When the door is being mounted next to another panel it can be more economical to use pivot hinges over glass-to-glass hinges as there is less fabrication of glass needed for the pivot hinges and the hinges themselves are less expensive than their glass-to-glass counterparts.

Comparable Hinges to the Roosevelt Series:

Heavy Duty Roosevelt Series Hinges with squared edges are comparable to US Horizon's Prestige series hinges.

Heavy Duty Roosevelt Series Hinges with beveled edges are comparable to US Horizon's Montreal series hinges.

Deluxe Roosevelt Series Hinges with beveled edges are comparable to CRL's Prima series hinges.

Half Moon Threshold

E-HMT

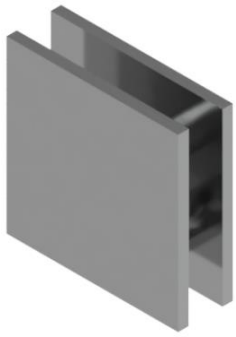

Why use the Half Moon Threshold?

The Half Moon Threshold is used when the curb is level or slopes towards the outside of the shower. Its purpose is to hold back the water so that it does not leak out. If your curb slopes toward the inside of the shower the half moon threshold is not needed.

Atlantic Series

Semi-Frameless Door and Panel with C-Pull

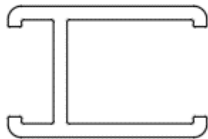

Part #	Description
A. E-HEF	Header/Base of assembly
B. E-WJ	Wall jamb
C. E-SF	Snap-in filler
D. HA-6BTB	C-Pull Handle
E. M-P-14DS	Semi-frameless drip sweep
F. M-SFLSP	Semi-frameless strike plate with rubber mounting bladder
G. E-SJSFL	Semi-frameless strike jamb
H. M-SFLBS	Semi-frameless strike jamb bulb seal
I. E-CHP	Capital H post
J. V-V-14	Vertical vinyl for 1/4" panels
K. V-H-14	Horizontal vinyl for 1/4" panels
L. M-S-ES	Wall jamb screw
M. M-A-BA	Wall jamb screw anchor
N. M-S-STHS	Self-tapping jamb/header screw
O. M-SFLM3	Semi-frameless strike door magnet

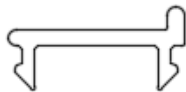

A. E-HEF - Header/Base of assembly

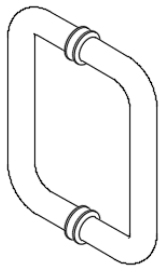

B. E-WJ - Wall jamb

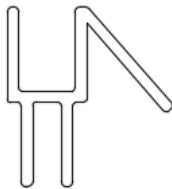

C. E-SF - Snap-in filler

D. HA-6BTB - C-Pull Handle

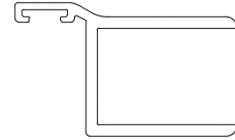

E. M-P-14DS - Semi-frameless drip sweep

F. M-SFLSP - Semi-frameless strike plate with rubber mounting bladder

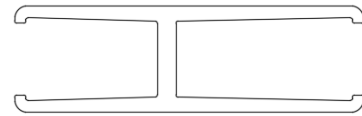

G. E-SJSFL - Semi-frameless strike jamb

H. M-SFLBS - Semi-frameless strike jamb bulb seal

I. E-CHP - Capital H post

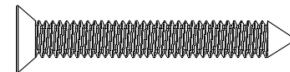

J. V-V-14 - Vertical vinyl for 1/4" panels

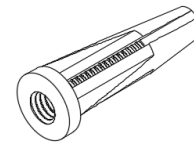

K. V-H-14 - Horizontal vinyl for 1/4" panels

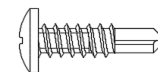

L. M-S-ES - Wall jamb screw

M. M-A-BA - Wall jamb screw anchor

N. M-S-STHS - Self-tapping jamb/header screw

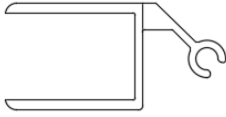

O. M-SFLM3 - Semi-frameless strike door magnet

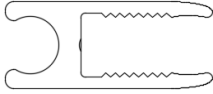

Atlantic Series
Panoramic Door and Panel
with C-Pull and Middle Strike

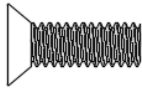

A. E-SHJ - Door swing jamb hinge

B. E-HS - Concealed hinge glass rail

C. M-S-SFLRBWS- Semi-frameless door screw

D. M-CHP - Hinge sleeve end cap

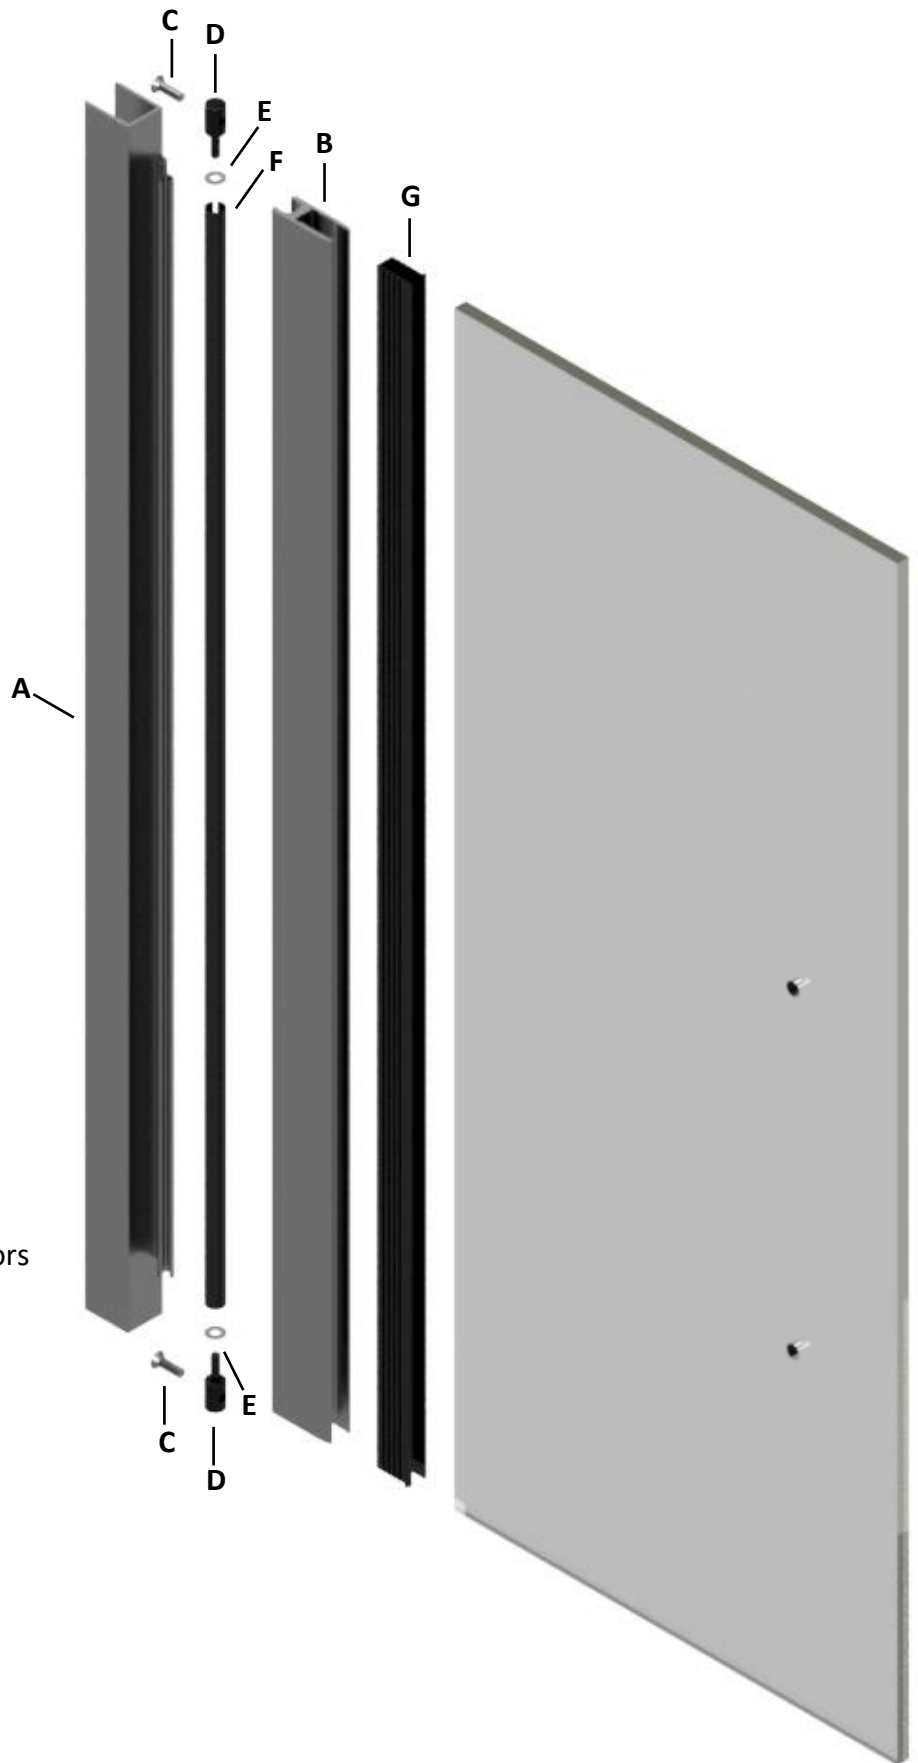

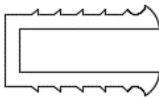

E. MH-CHW - Stainless steel washer

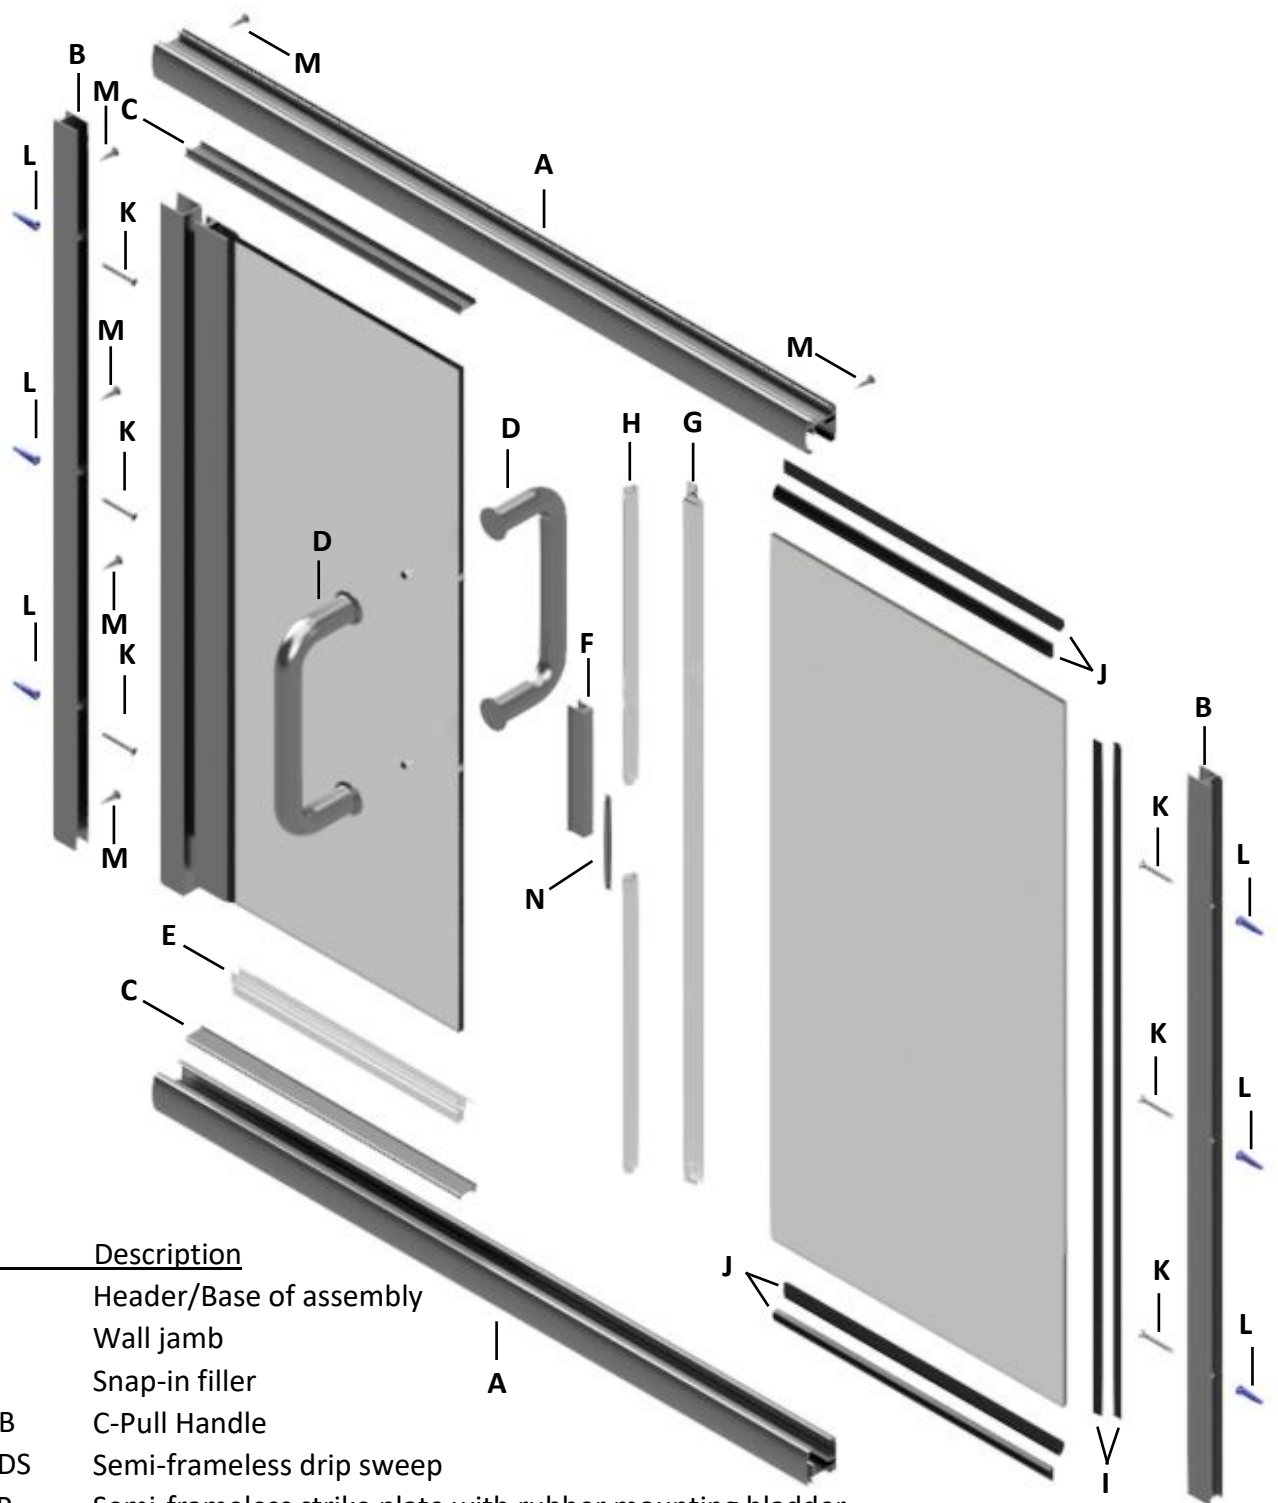

F. M-CHS - Door swing jamb hinge vinyl

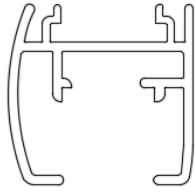

G. V-14 - Glazing vinyl for 1/4" Semi-Fl doors

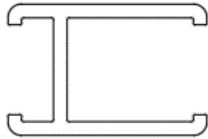

Part #	Description
A. E-HEF	Header/Base of assembly
B. E-WJ	Wall jamb
C. E-SF	Snap-in filler
D. HA-6BTB	C-Pull Handle
E. M-P-14DS	Semi-frameless drip sweep
F. M-SFLSP	Semi-frameless strike plate with rubber mounting bladder
G. M-P-14SJPAN	Panoramic Strike Jamb
H. M-SFLBS	Semi-frameless strike jamb bulb seal
I. V-V-14	Vertical vinyl for 1/4" panels
J. V-H-14	Horizontal vinyl for 1/4" panels
K. M-S-ES	Wall jamb screw
L. M-A-BA	Wall jamb screw anchor
M. M-S-STHS	Self-tapping jamb/header screw
N. M-SFLM15	Panoramic strike door magnet

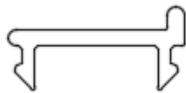

A. E-HEF - Header/Base of assembly

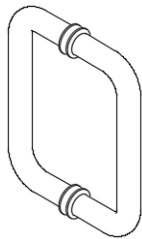

B. E-WJ - Wall jamb

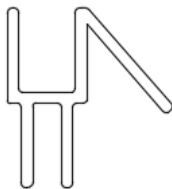

C. E-SF - Snap-in filler

D. HA-6BTB - C-Pull Handle

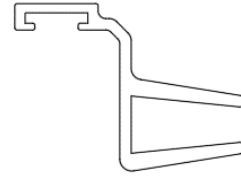

E. M-P-14DS - Semi-frameless drip sweep

F. M-SFLSP - Semi-frameless strike plate with rubber mounting bladder

G. M-P-14SJPN - Panoramic Strike Jamb

H. M-SFLBS - Semi-frameless strike jamb bulb seal

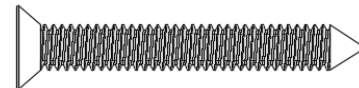

I. V-V-14 - Vertical vinyl for 1/4" panels

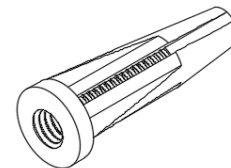

J. V-H-14 - Horizontal vinyl for 1/4" panels

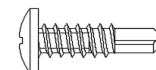

K. M-S-ES - Wall jamb screw

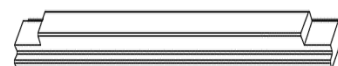

L. M-A-BA - Wall jamb screw anchor

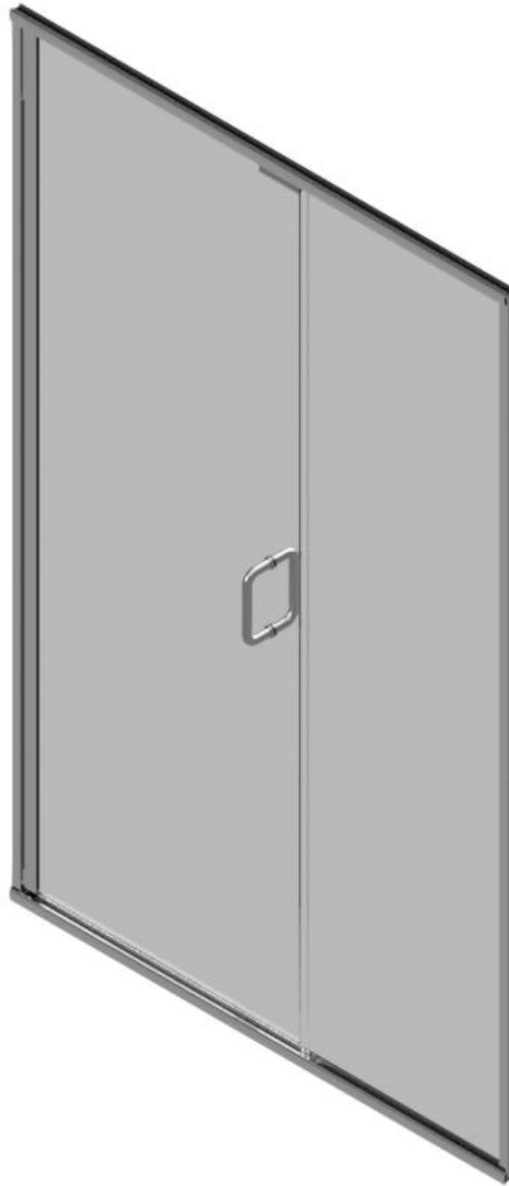

M. M-S-STHS - Self-tapping jamb/header screw

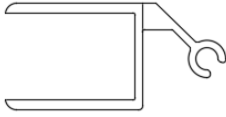

N. M-SFLM15 - Panoramic strike door magnet

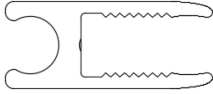

Atlantic Series
Panoramic Door and Panel
with C-Pull and Upper Strike

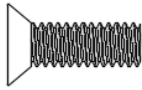

A. E-SHJ - Door swing jamb hinge

B. E-HS - Concealed hinge glass rail

C. M-S-SFLRBWS- Semi-frameless door screw

D. M-CHP - Hinge sleeve end cap

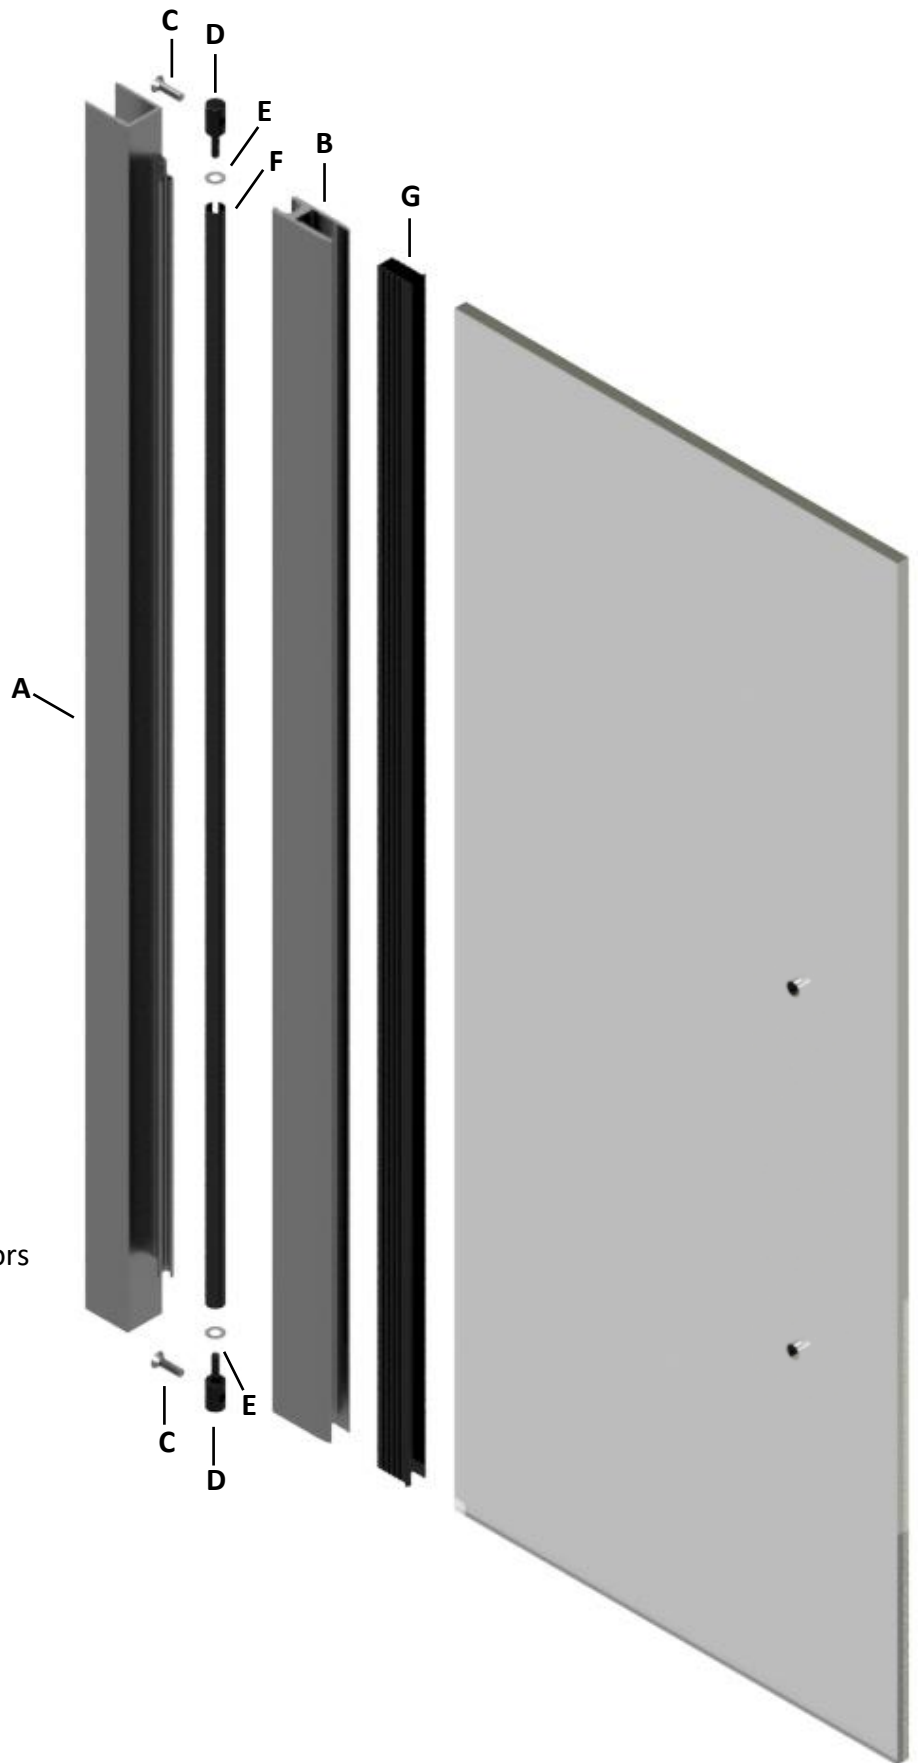

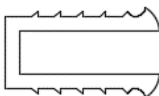

E. MH-CHW - Stainless steel washer

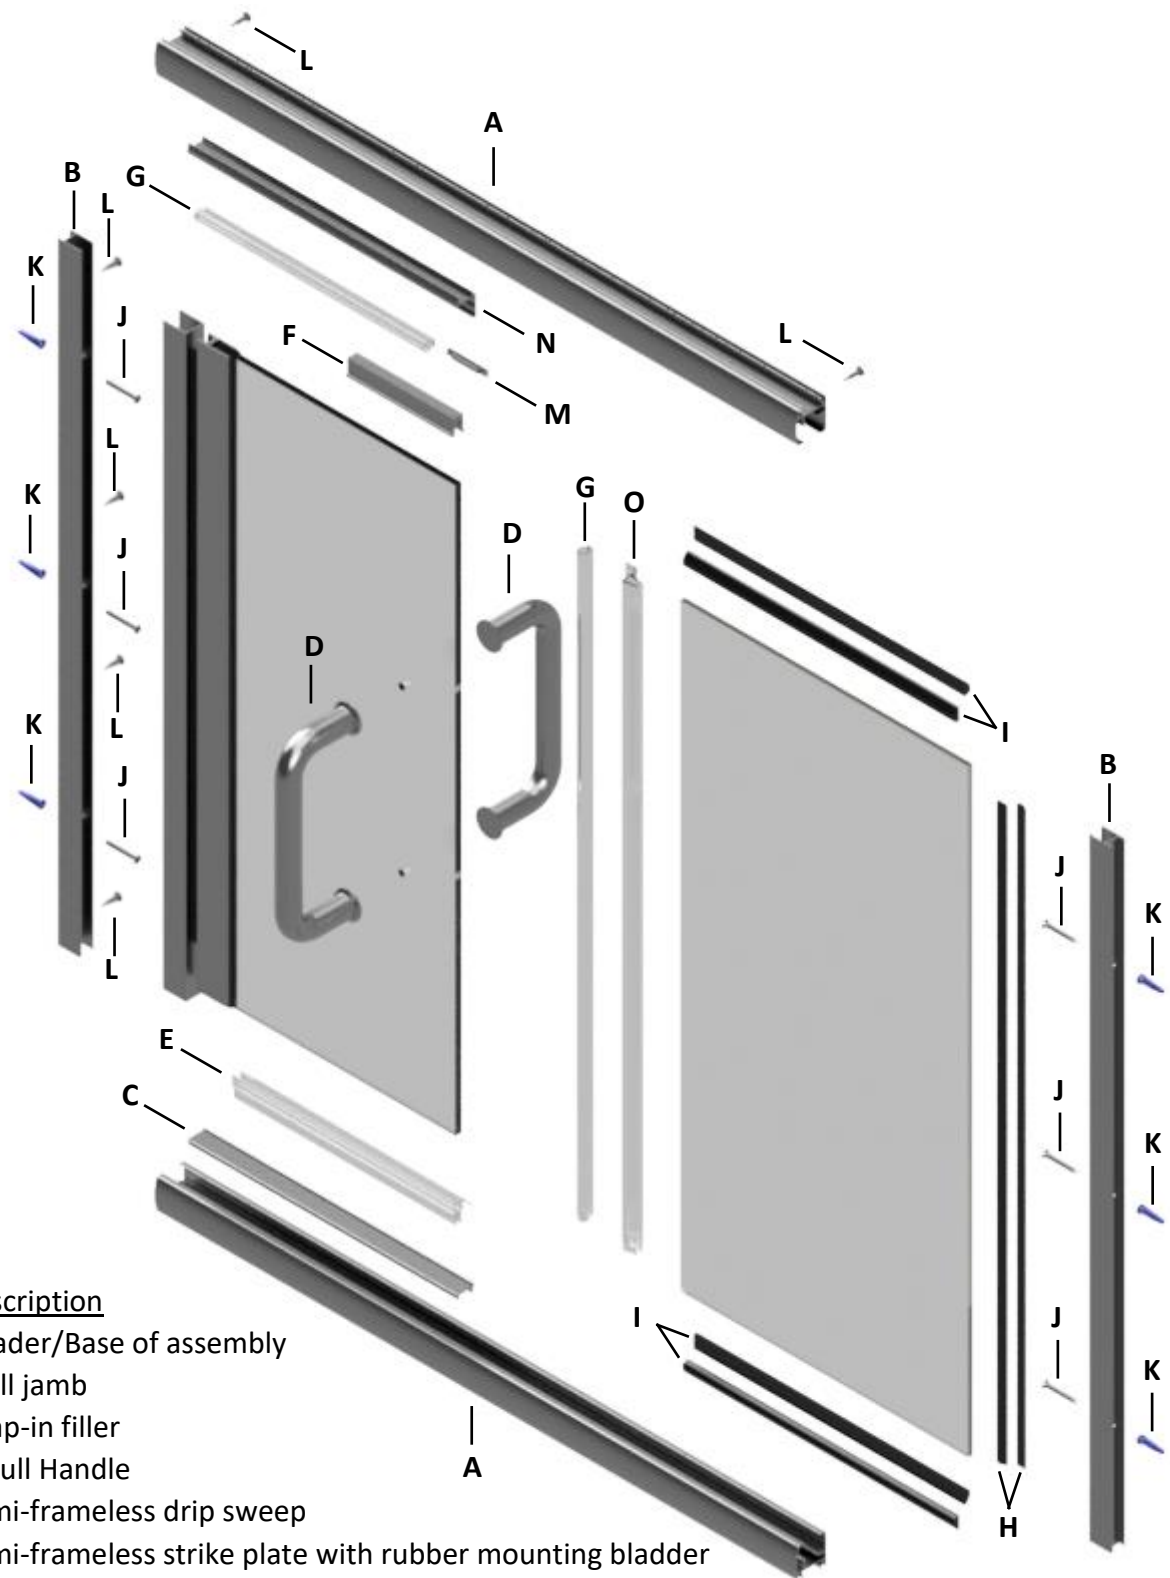

F. M-CHS - Door swing jamb hinge vinyl

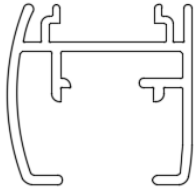

G. V-14 - Glazing vinyl for 1/4" Semi-Fl doors

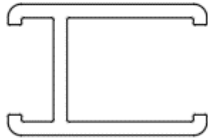

Part #	Description
A. E-HEF	Header/Base of assembly
B. E-WJ	Wall jamb
C. E-SF	Snap-in filler
D. HA-6BTB	C-Pull Handle
E. M-P-14DS	Semi-frameless drip sweep
F. M-SFLSP	Semi-frameless strike plate with rubber mounting bladder
G. M-SFLBS	Semi-frameless strike jamb bulb seal
H. V-V-14	Vertical vinyl for 1/4" panels
I. V-H-14	Horizontal vinyl for 1/4" panels
J. M-S-ES	Wall jamb screw
K. M-A-BA	Wall jamb screw anchor
L. M-S-STHS	Self-tapping jamb/header screw
M. M-SFLM15	Panoramic strike door magnet
N. E-SFS	Steam Snap-in Filler
O. M-P-14SJPN	Panoramic Strike Jamb

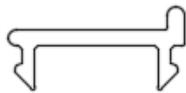

A. E-HEF - Header/Base of assembly

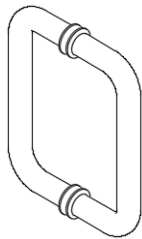

B. E-WJ - Wall jamb

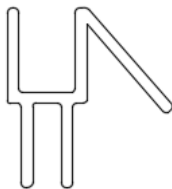

C. E-SF - Snap-in filler

D. HA-6BTB - C-Pull Handle

E. M-P-14DS - Semi-frameless drip sweep

F. M-SFLSP - Semi-frameless strike plate with rubber mounting bladder

G. M-SFLBS - Semi-frameless strike jamb bulb seal

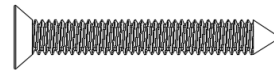

H. V-V-14 - Vertical vinyl for 1/4" panels

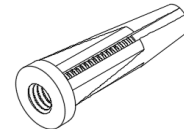

I. V-H-14 - Horizontal vinyl for 1/4" panels

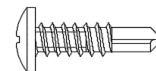

J. M-S-ES - Wall jamb screw

K. M-A-BA - Wall jamb screw anchor

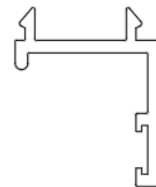

L. M-S-STHS - Self-tapping jamb/header screw

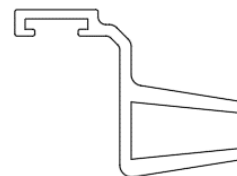

M. M-SFLM15 - Panoramic strike door magnet

N. E-SFS - Steam Snap-in Filler

O. M-P-14SJPAN - Panoramic Strike Jamb

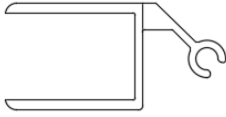

Atlantic Series

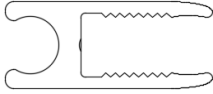

Hybrid Door and Panel

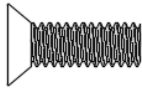

A. E-SHJ - Door swing jamb hinge

B. E-HS - Concealed hinge glass rail

C. M-S-SFLRBWS- Semi-frameless door screw

D. M-CHP - Hinge sleeve end cap

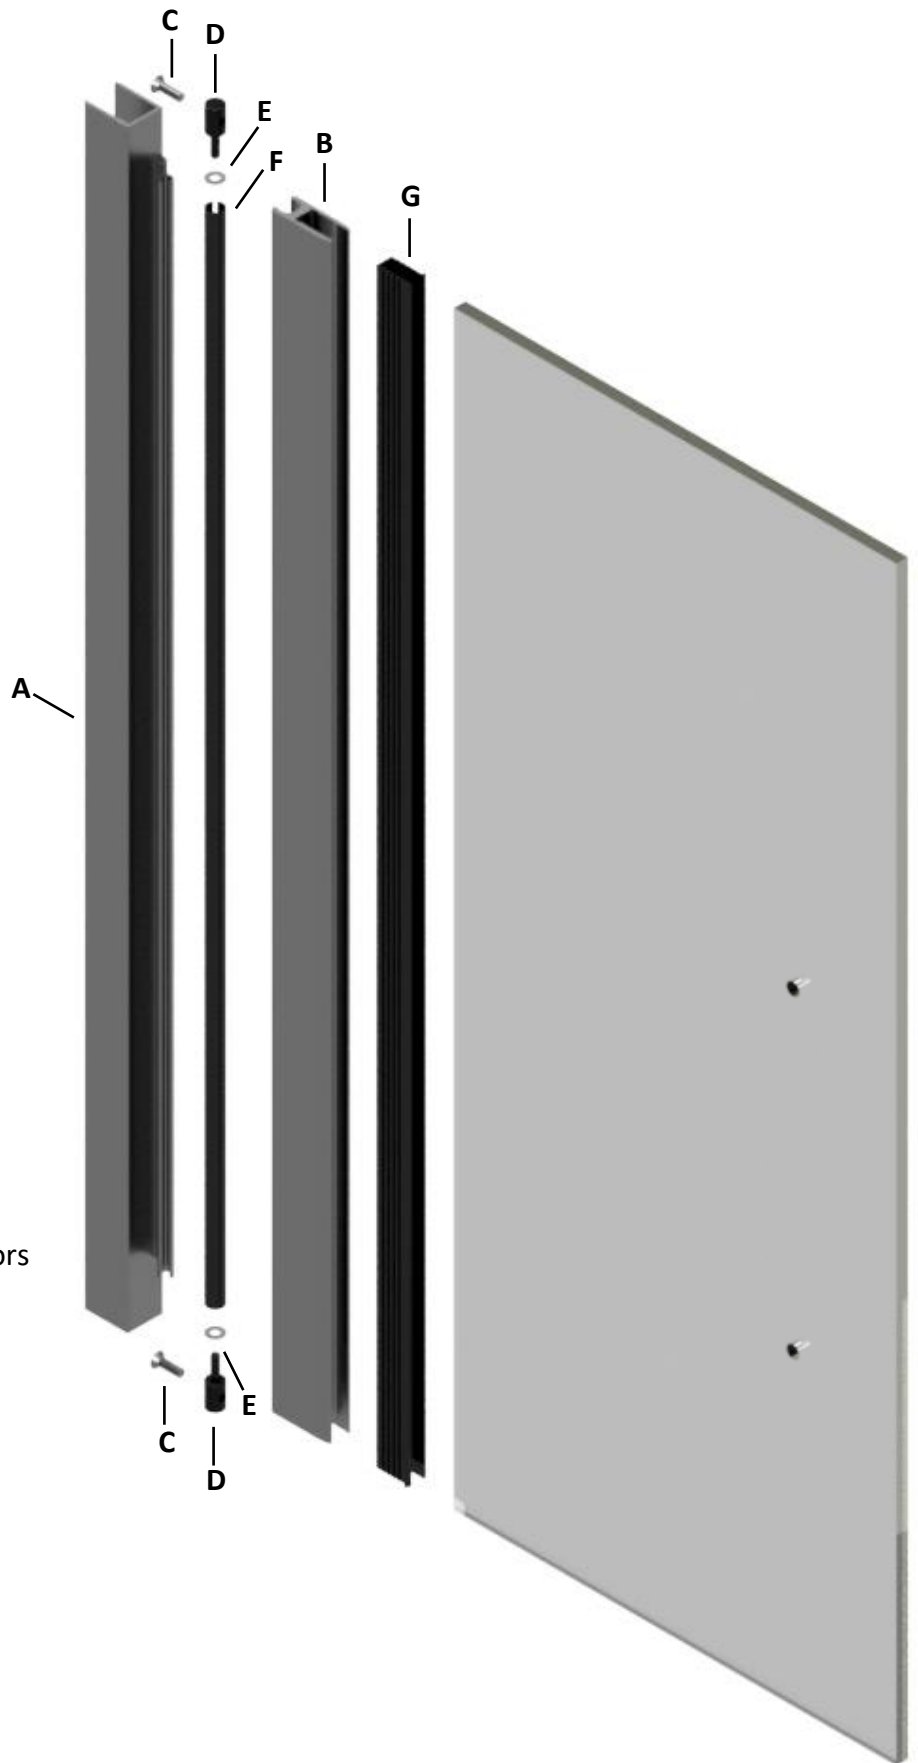

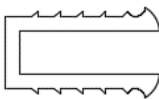

E. MH-CHW - Stainless steel washer

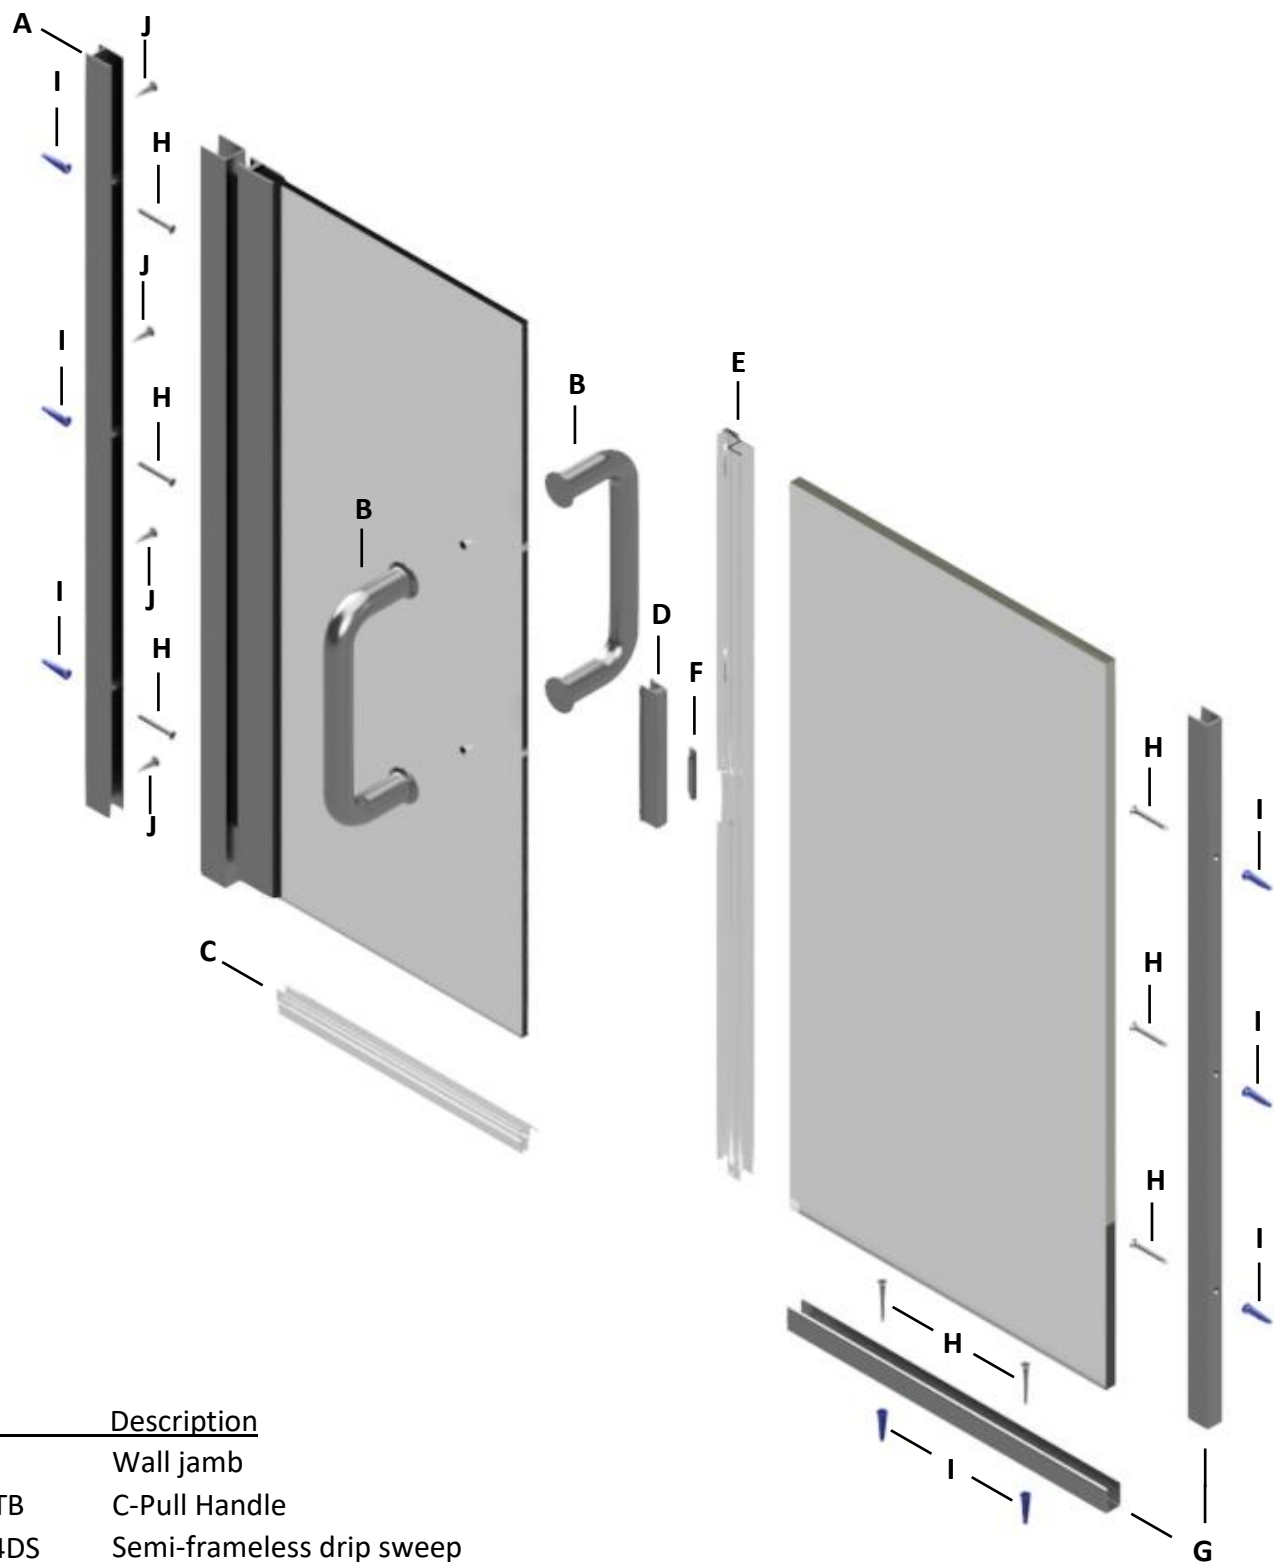

F. M-CHS - Door swing jamb hinge vinyl

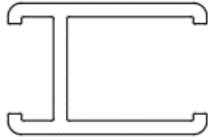

G. V-14 - Glazing vinyl for 1/4" Semi-Fl doors

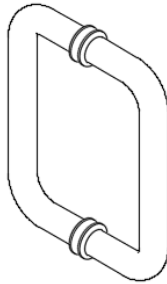

Part #	Description
A. E-WJ	Wall jamb
B. HA-6BTB	C-Pull Handle
C. M-P-14DS	Semi-frameless drip sweep
D. M-SFLSP	Semi-frameless strike plate with rubber mounting bladder
E. M-P-38180SJ	3/8 Poly Strike 180d with removable fin
F. M-SFLM15	Semi F/L Door Magnet 1 1/2"
G. E-UCD38	3/8 Deep U-Channel
H. M-S-ES	Wall jamb screw
I. M-A-BA	Wall jamb screw anchor
J. M-S-STHS	Self-tapping jamb/header screw

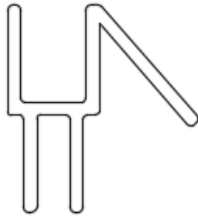

A. E-WJ - Wall jamb

B. HA-6BTB - C-Pull Handle

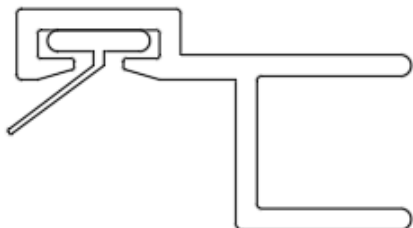

C. M-P-14DS - Semi-frameless drip sweep

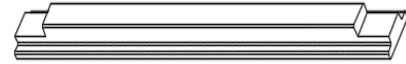

D. M-SFLSP - Semi-frameless strike plate with rubber mounting bladder

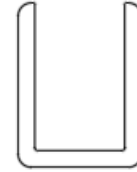

E. M-P-38180SJ - 3/8 Poly Strike 180d with removable fin

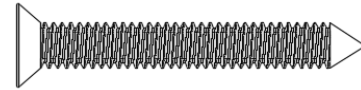

F. M-SFLM15 - Semi F/L Door Magnet 1 1/2"

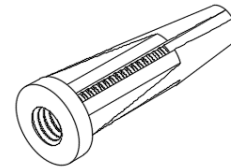

G. E-UCD38 - 3/8 Deep U-Channel

H. M-S-ES - Wall jamb screw

I. M-A-BA - Wall jamb screw anchor

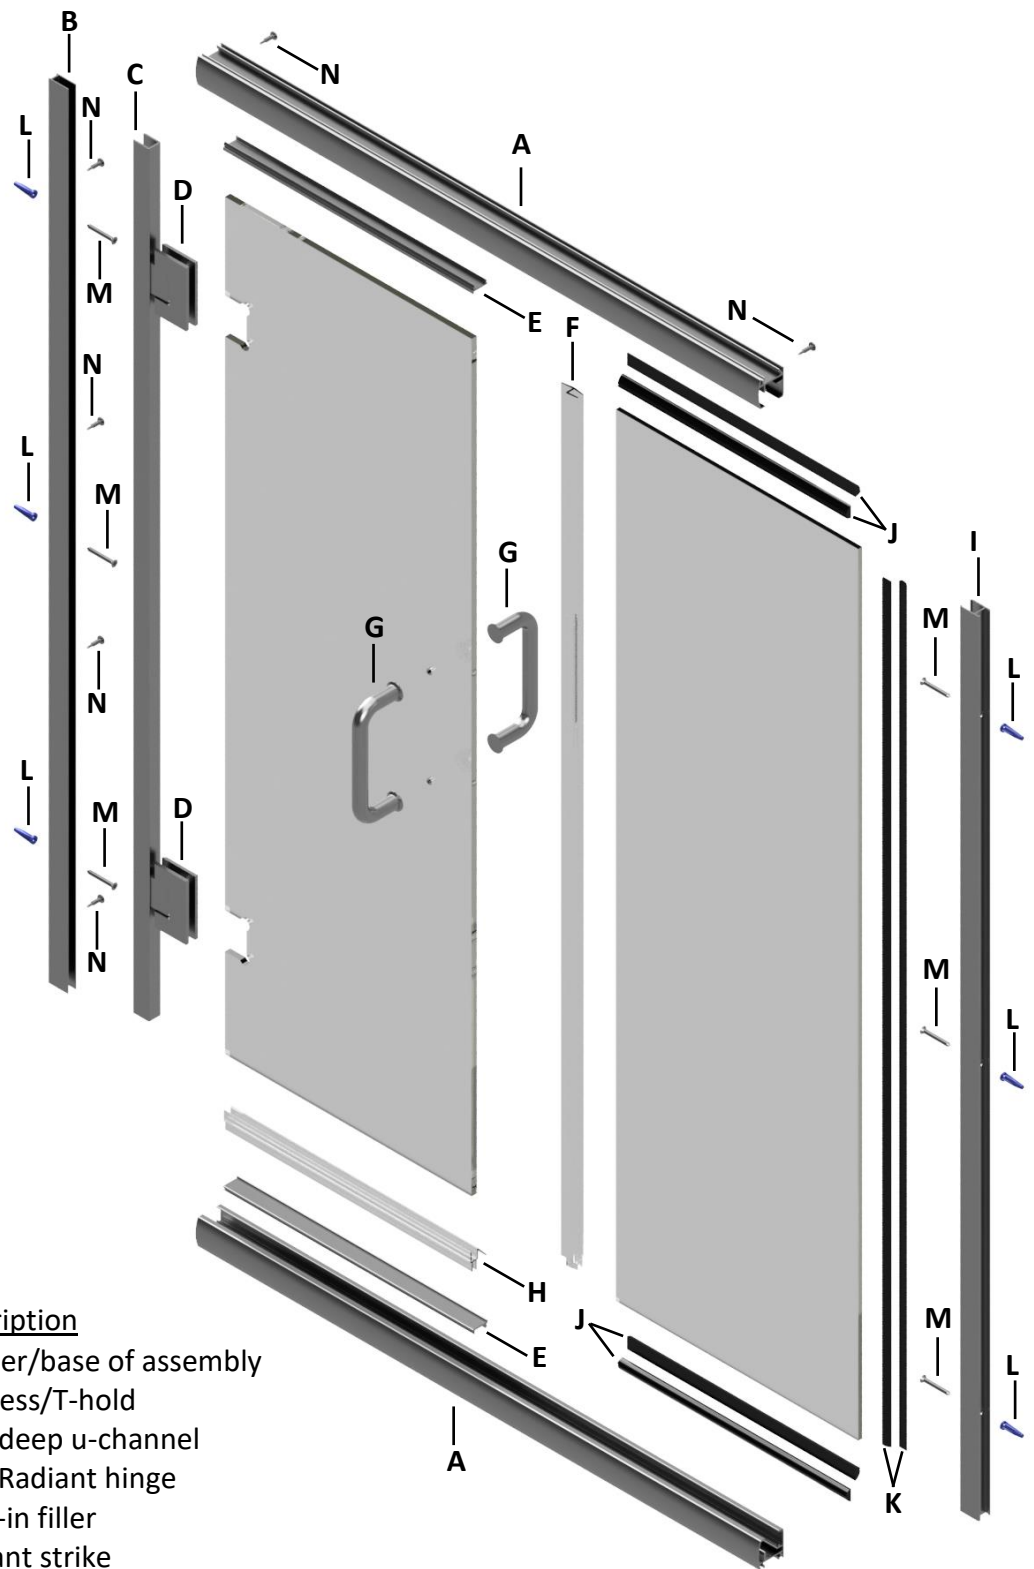

J. M-S-STHS - Self-tapping jamb/header screw

Radiant Series

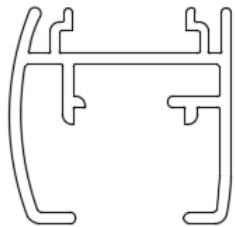

Door and Panel

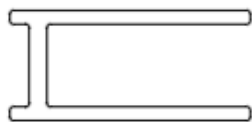

Part #	Description
A. E-HEF	Header/base of assembly
B. E-BTH	Buttress/T-hold
C. E-UCD38	3/8" deep u-channel
D. HI-14RADIANT	1/4" Radiant hinge
E. E-SF	Snap-in filler
F. M-P-Radiant strike	Radiant strike
G. HA-6BTB	C-Pull handle
H. M-P-14DS	Semi-frameless drip sweep
I. E-WJ	Wall jamb
J. V-H-14	Horizontal vinyl for 1/4" panels
K. V-V-14	Vertical vinyl for 1/4" panels
L. M-A-BA	Wall jamb screw anchor
M. M-S-ES	Wall jamb screw
N. M-S-STHS	Self-tapping jamb/header screw

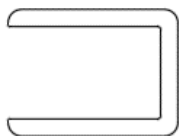

A. E-HEF - Header/Base of assembly

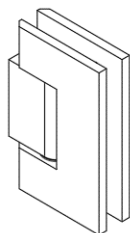

B. E-BTH - Buttress/T-hold

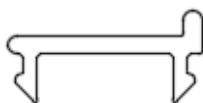

C. E-UCD38 - 3/8" deep u-channel

D. HI-14RADIANT - 1/4" Radiant hinge

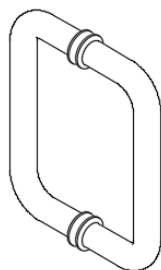

E. E-SF - Snap-in filler

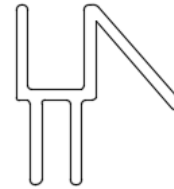

F. Radiant strike - Radiant strike

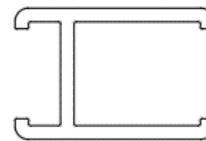

G. HA-6BTB - C-Pull handle

H. M-P-14DS - Semi-frameless drip sweep

I. E-WJ - Wall jamb

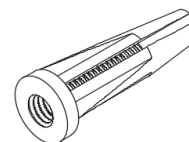

J. V-H-14 - Horizontal vinyl for 1/4" panels

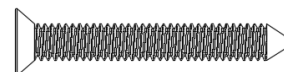

K. V-V-14 - Vertical vinyl for 1/4" panels

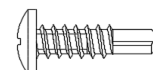

L. M-A-BA - Wall jamb screw anchor

M. M-S-ES - Wall jamb screw

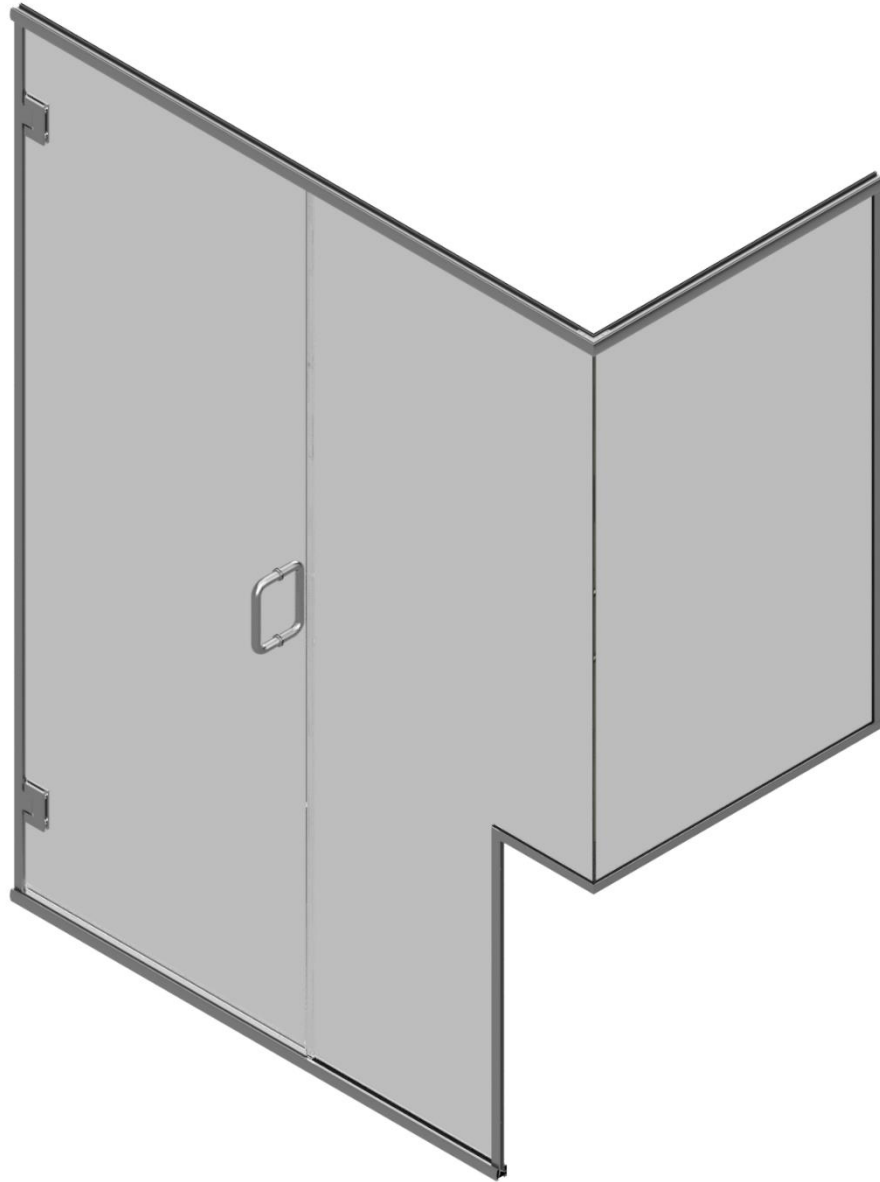

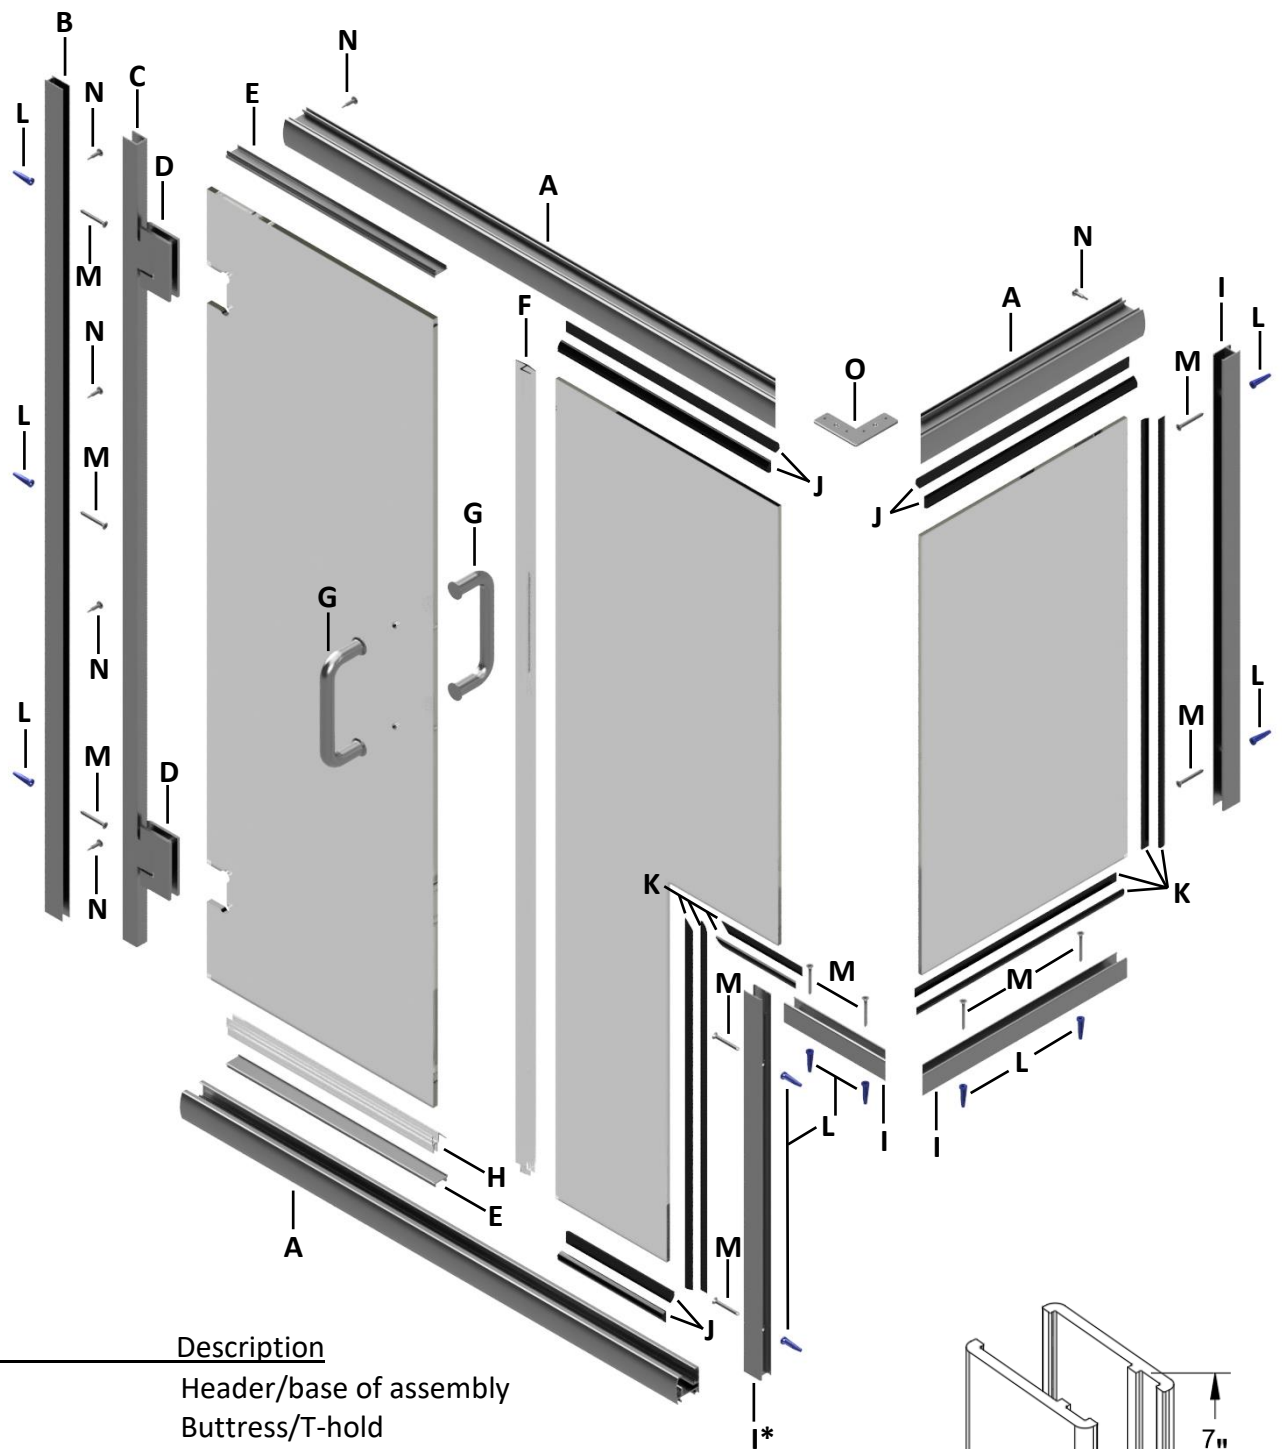

N. M-S-STHS - Self-tapping jamb/header screw

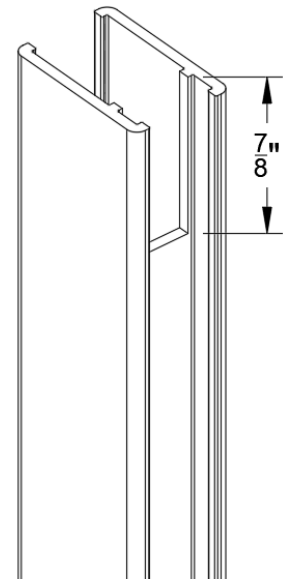

Radiant Series

Door, Notch Panel and Return Half Panel

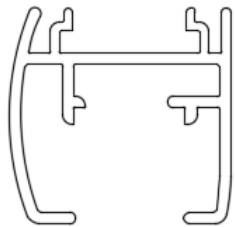

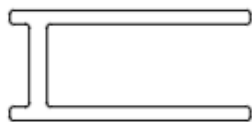

Part #	Description
A. E-HEF	Header/base of assembly
B. E-BTH	Buttress/T-hold
C. E-UCD38	3/8" deep u-channel
D. HI-14RADIANT	1/4" Radiant hinge
E. E-SF	Snap-in filler
F. M-P-Radiant strike	Radiant strike
G. HA-6BTB	C-Pull handle
H. M-P-14DS	Semi-frameless drip sweep
I. E-WJ	Wall jamb (*has groove notch. See right diagram)
J. V-H-14	Horizontal vinyl for 1/4" panels
K. V-V-14	Vertical vinyl for 1/4" panels
L. M-A-BA	Wall jamb screw anchor
M. M-S-ES	Wall jamb screw
N. M-S-STHS	Self-tapping jamb/header screw
O. M-HB90	90° Header Bracket

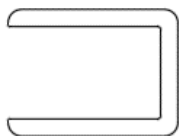

A. E-HEF - Header/Base of assembly

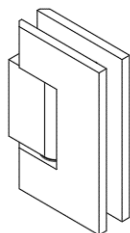

B. E-BTH - Buttress/T-hold

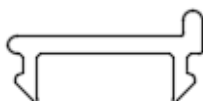

C. E-UCD38 - 3/8" deep u-channel

D. HI-14RADIANT - 1/4" Radiant hinge

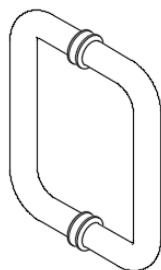

E. E-SF - Snap-in filler

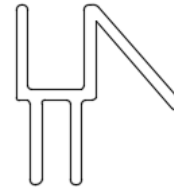

F. Radiant strike - Radiant strike

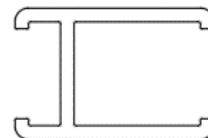

G. HA-6BTB - C-Pull handle

H. M-P-14DS - Semi-frameless drip sweep

I. E-WJ - Wall jamb

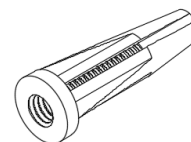

J. V-H-14 - Horizontal vinyl for 1/4" panels

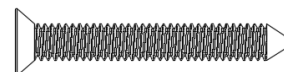

K. V-V-14 - Vertical vinyl for 1/4" panels

Gulf Series

Framed Bypass

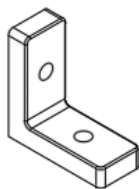

A. E-DGS – Deluxe glass section

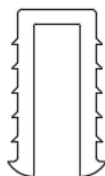

B. M-FRB – Framed slider roller bracket

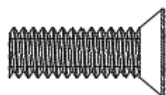

C. M-CK – Corner keys

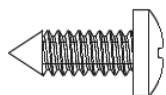

D. V-316F – 3/16" Framed door vinyl (custom)
V-532 – 5/32" Framed door vinyl (stock)

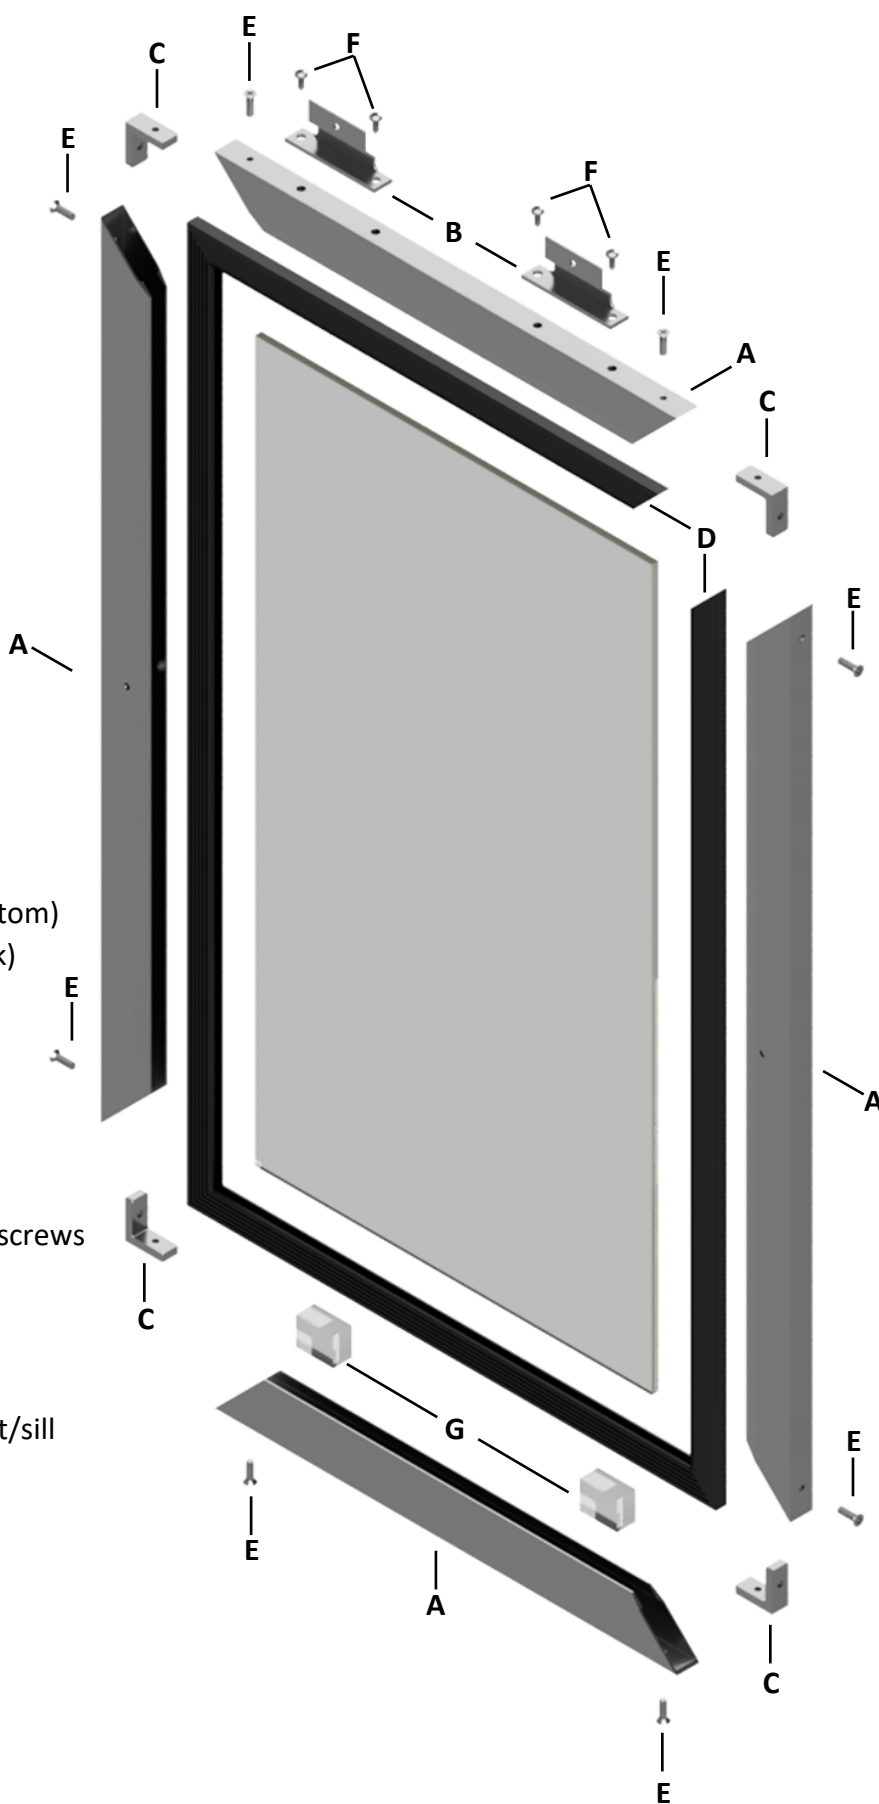

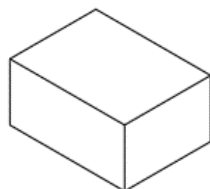

E. M-S-FSCKS – Framed slider corner key screws

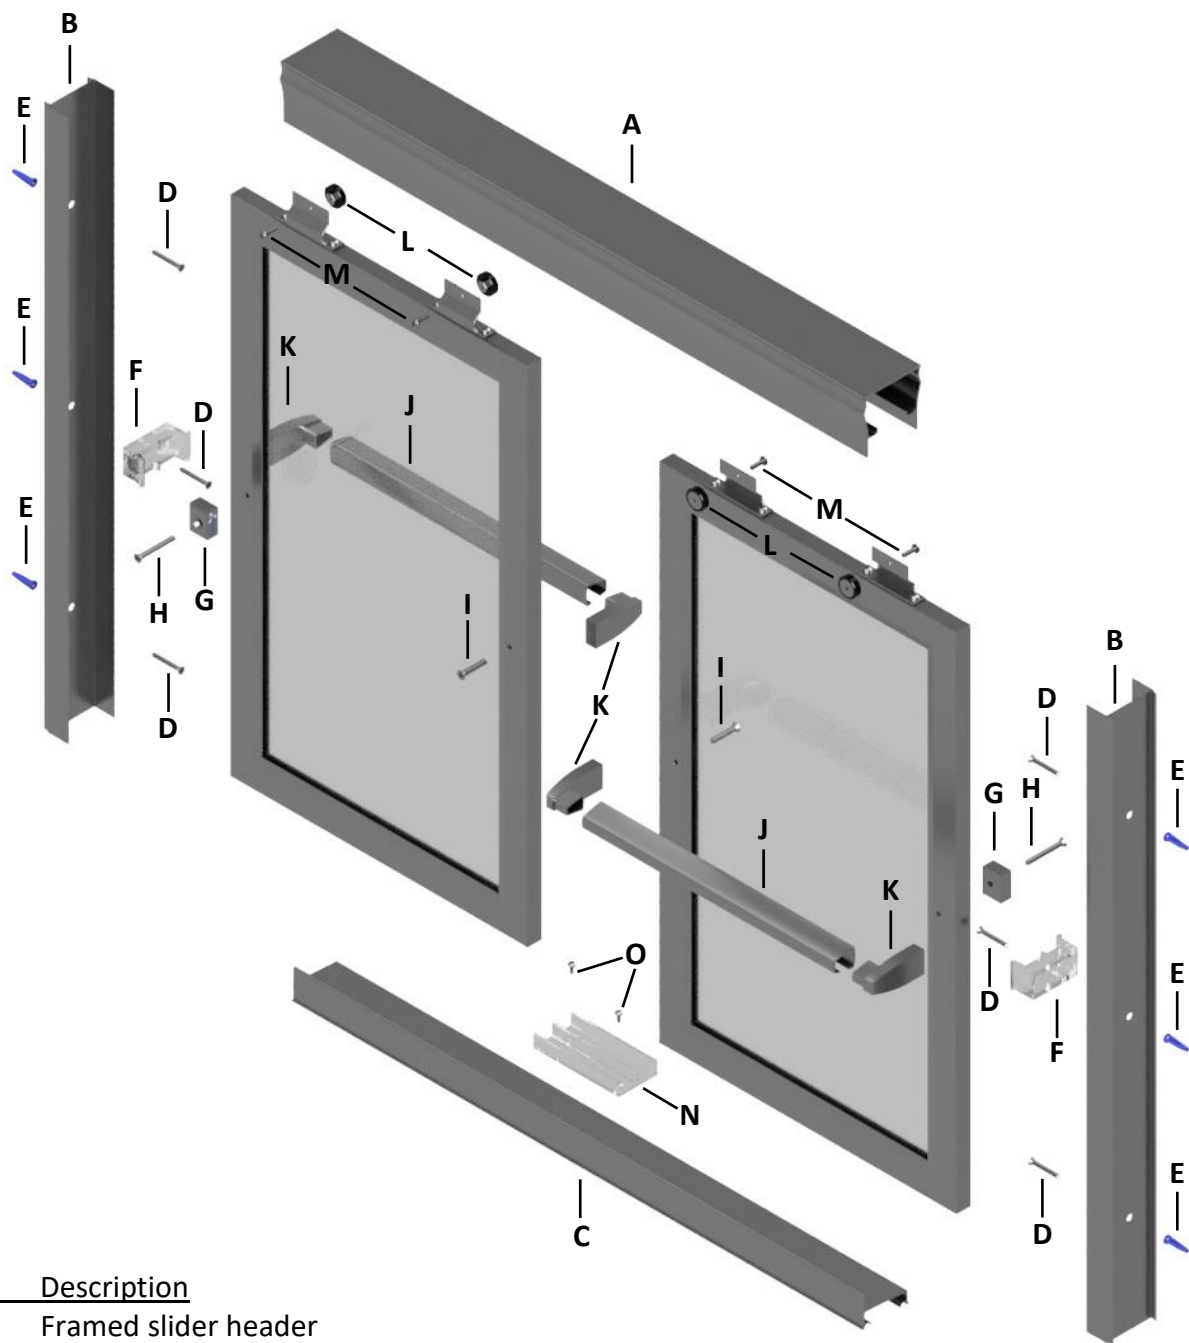

F. M-S-FDSS – Drip sweep/header bracket/sill guide screw

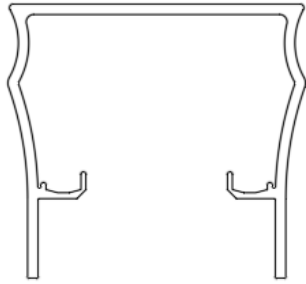

G. M-FSBS – Framed Bypass Setting Block

Part #	Description
A. E-HEFS	Framed slider header
B. E-FSWJ	Framed slider wall jamb
C. E-FBT	Framed slider bottom track
D. M-S-ES	Enclosure extrusion screw
E. M-A-BA	Blue wall anchor
F. M-FSBUMPER	Framed slider clear bumper
G. M-MPK	Framed slider pull knob
H. M-S-TBWKS	Screw for towel bar with knob
I. M-S-TBS	Screw for towel bar without knob
J. E-DTB	Deluxe towel bar extrusion
K. M-MTE	Metal towel bar end
L. M-ROLLER	Slider DLX roller
M. M-S-FRBS	Roller bracket wheel screw
N. M-BTGC	Bottom track guide clear
O. M-S-FDSS	Drip sweep/header bracket/sill guide screw

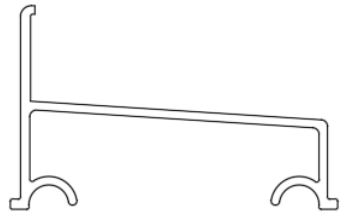

A. E-HEFS - Framed slider header

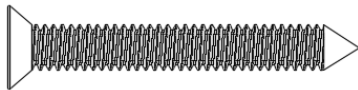

B. E-FSWJ - Framed slider wall jamb

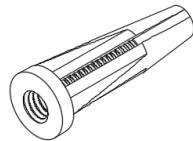

C. E-FBT - Framed slider bottom track

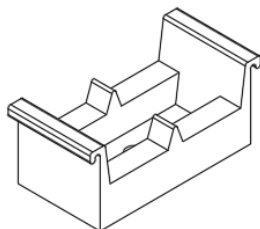

D. M-S-ES - Enclosure extrusion screw

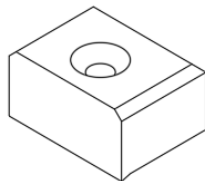

E. M-A-BA - Blue wall anchor

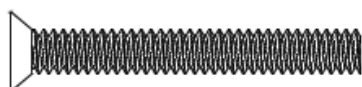

F. M-FSBUMPER - Framed slider clear bumper

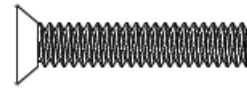

G. M-MPK - Framed slider pull knob

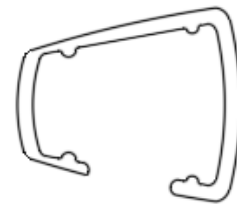

H. M-S-TBWKS - Screw for towel bar with knob

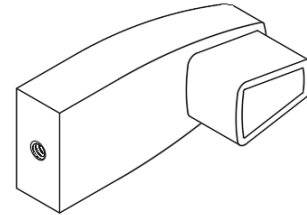

I. M-S-TBS - Screw for towel bar without knob

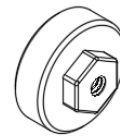

J. E-DTB - Deluxe towel bar extrusion

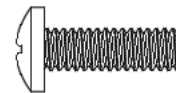

K. M-MTE - Metal towel bar end

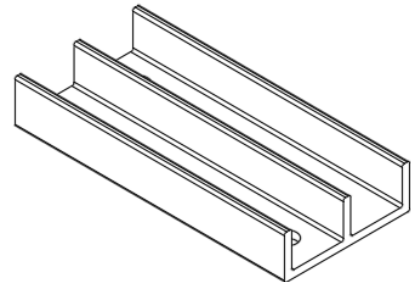

L. M-ROLLER - Slider DLX roller

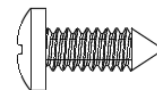

M. M-S-FRBS - Roller bracket wheel screw

N. M-BTGC - Bottom track guide clear

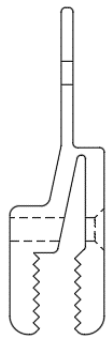

O. M-S-FDSS - Drip sweep/header bracket/sill guide screw

Gulf Series
Semi-frameless 1/4" Bypass

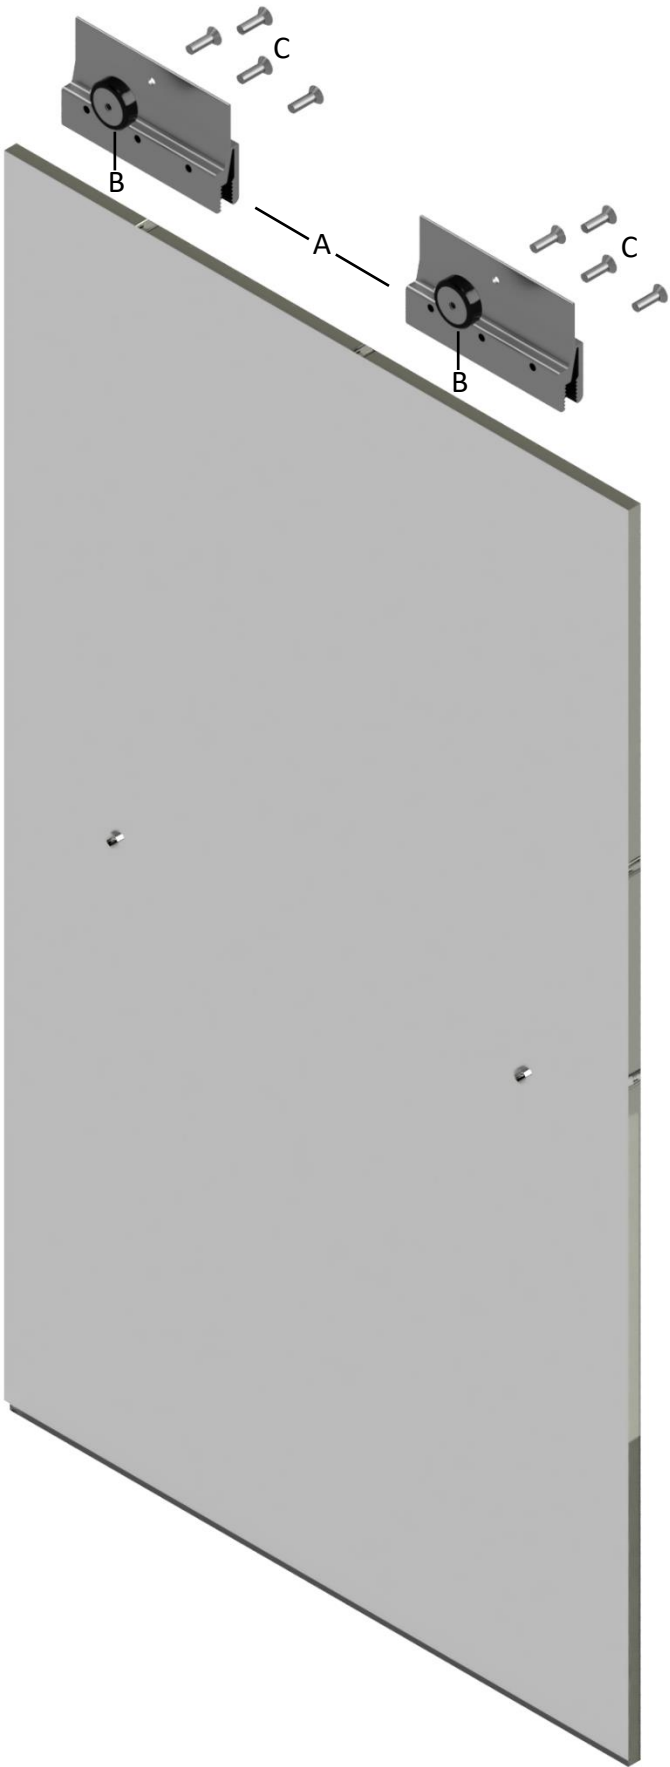

A. M-14RBS – 1/4" Roller Bracket

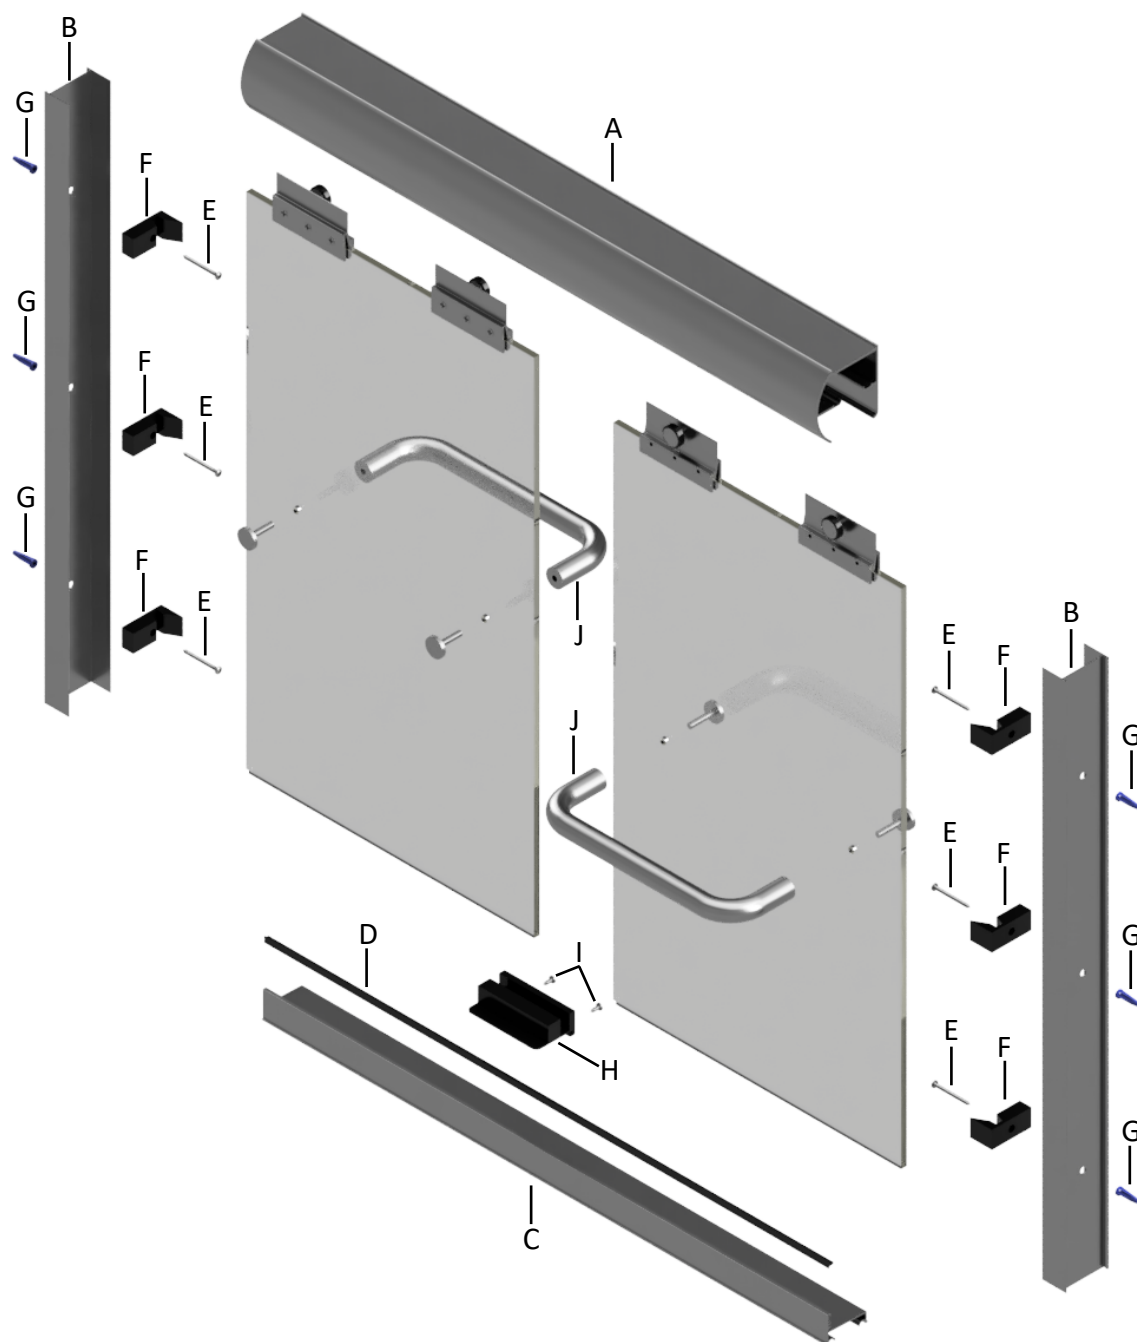

B. M-ROLLER – Slider DLX roller

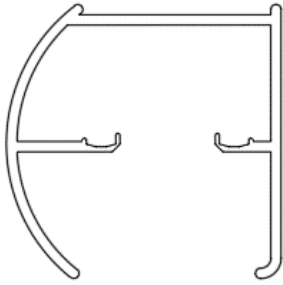

C. M-S-SFLRBWS – Roller bracket wheel screw

Part #	Description
A. E-HE14SFL	1/4" Semi-frameless slider header
B. E-WJSFL	Semi-frameless slider wall jamb
C. E-BTSFL	Semi-frameless slider bottom track
D. V-14BTGS	1/4" Semi-frameless slider bottom track insert strip
E. M-S-SFLSWJS	Semi-frameless slider wall jamb screw
F. M-14BUMPER	1/4" slider side jamb bumper
G. M-A-BA	Blue wall anchor
H. M-14BTG	1/4" bottom track guide
I. M-S-FDSS	Sill guide screw
J. HA-24SMTB	24" single mount towel bar

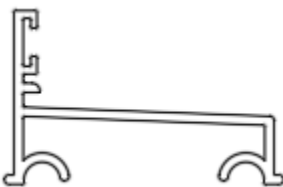

A. E-HE14SFL - 1/4" Semi-frameless slider header

B. E-WJSFL - Semi-frameless slider wall jamb

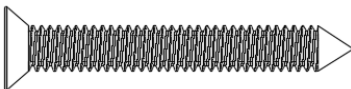

C. E-BTSFL - Semi-frameless slider bottom track

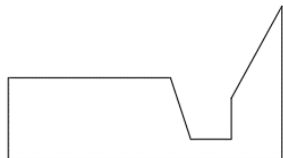

D. V-14BTGS - 1/4" Semi-frameless slider bottom track insert strip

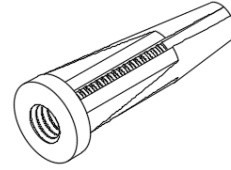

E. M-S-SFLSWJS - Semi-frameless slider wall jamb screw

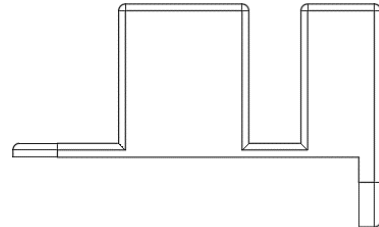

F. M-14BUMPER - 1/4" slider side jamb bumper

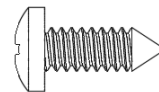

G. M-A-BA - Blue wall anchor

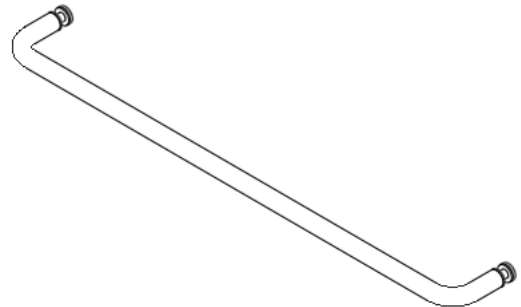

H. M-14BTG - 1/4" bottom track guide

I. M-S-FDSS - Sill guide screw

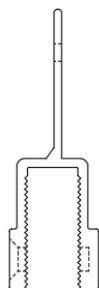

J. HA-24SMTB - 24" single mount towel bar

Gulf Series
3/8" Semi-Frameless Bypass

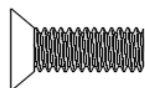

A. M-38RB – 3/8" Roller Bracket

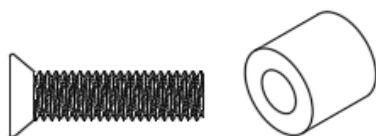

B. M-ROLLER – Slider DLX roller

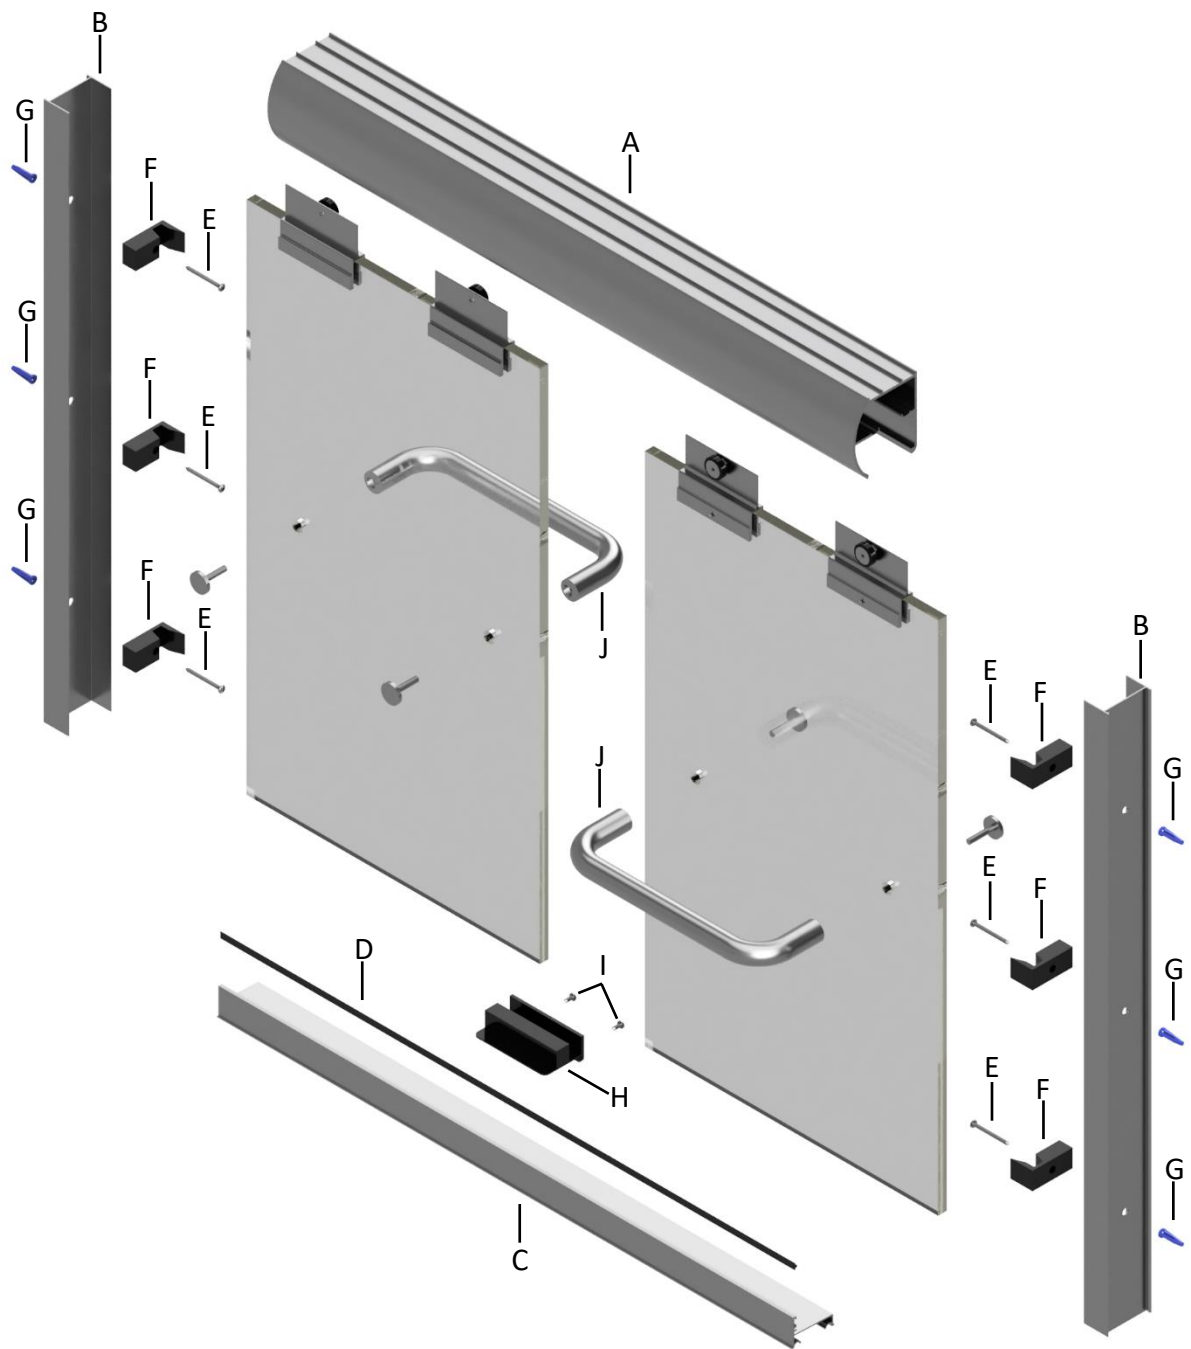

C. M-S-SFLRBWS – Roller bracket wheel screw

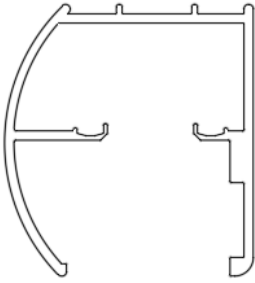

D. M-S-HSRBS – Heavy slider roller bracket screw w/ grommet

Part #	Description
A. E-HE38SFL	3/8" Semi-frameless slider header
B. E-WJSFL	Semi-frameless slider wall jamb
C. E-BTSFL	Semi-frameless slider bottom track
D. V-38BTGS	3/8" Semi-frameless slider bottom track insert strip
E. M-S-SFLSWJS	Semi-frameless slider wall jamb screw
F. M-38BUMPERS	3/8" slider side jamb bumper
G. M-A-BA	Blue wall anchor
H. M-38BTG	3/8" bottom track guide
I. M-S-FDSS	Sill guide screw
J. HA-24SMTB	24" single mount towel bar

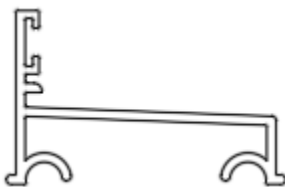

A. E-HE38SFL - 3/8" Semi-frameless slider header

B. E-WJSFL - Semi-frameless slider wall jamb

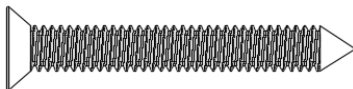

C. E-BTSFL - Semi-frameless slider bottom track

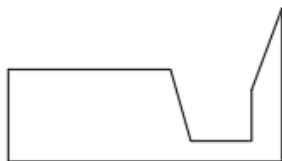

D. V-38BTGS - 3/8" Semi-frameless slider bottom track insert strip

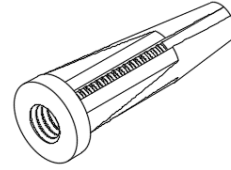

E. M-S-SFLSWJS - Semi-frameless slider wall jamb screw

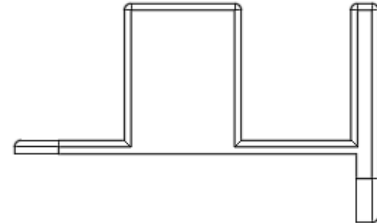

F. M-38BUMPERS - 3/8" slider side jamb bumper

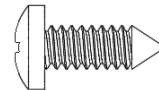

G. M-A-BA - Blue wall anchor

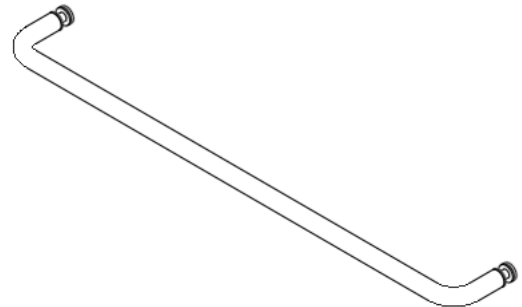

H. M-38BTG - 3/8" bottom track guide

I. M-S-FDSS - Sill guide screw

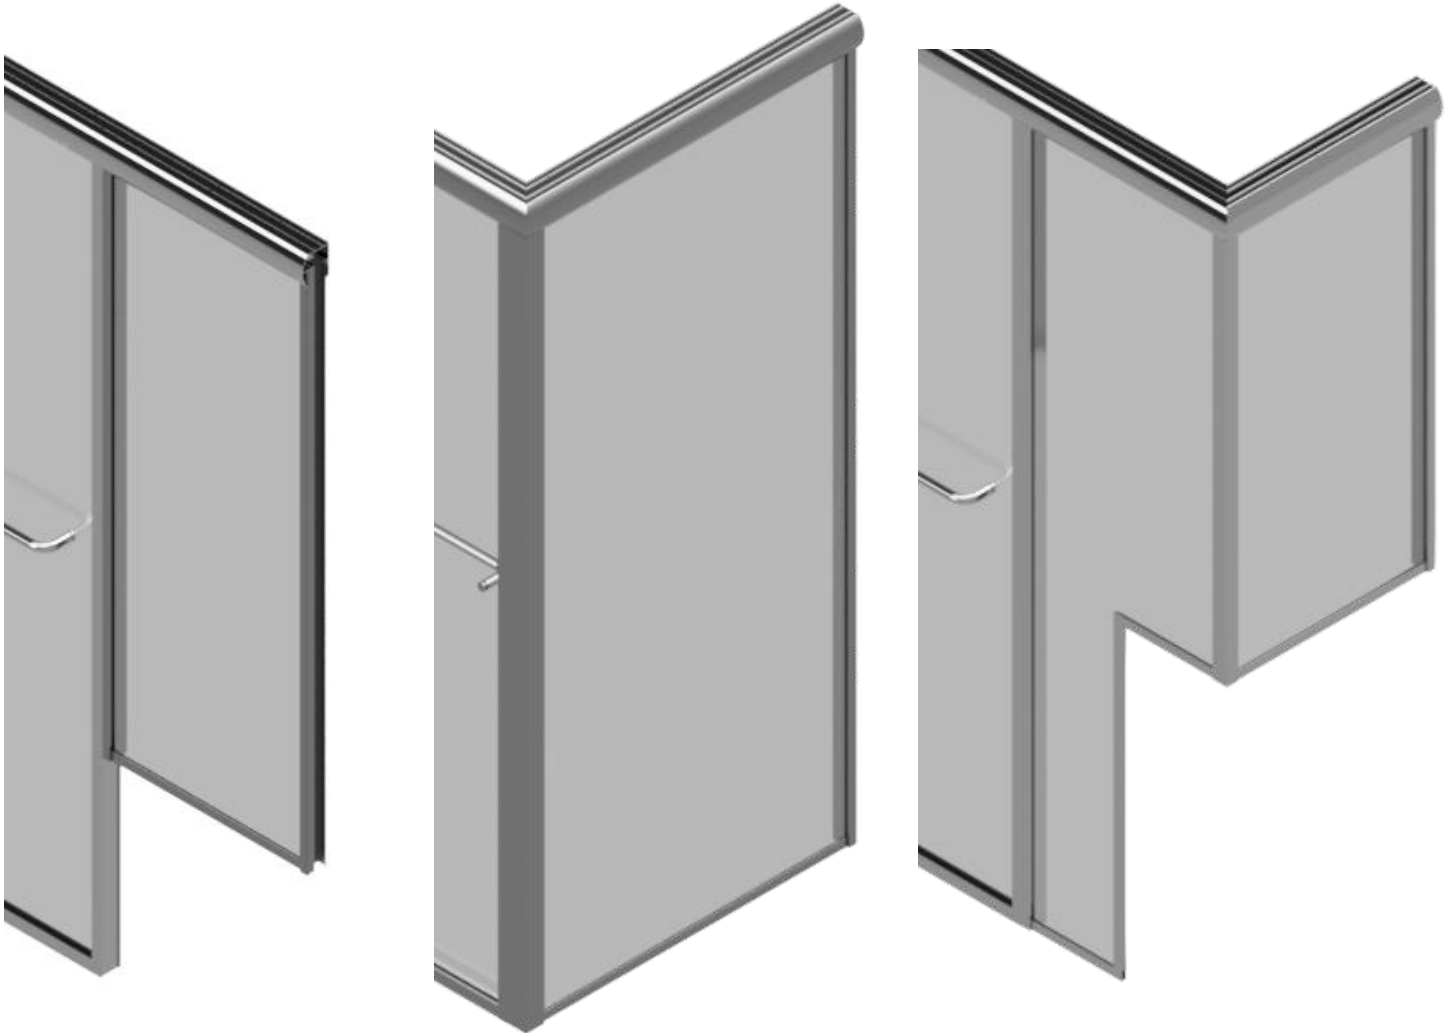

J. HA-24SMTB - 24" single mount towel bar

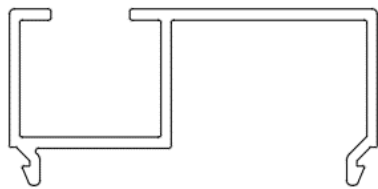

Gulf Series

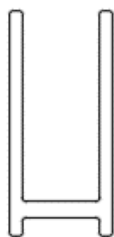

Common Panel Configurations

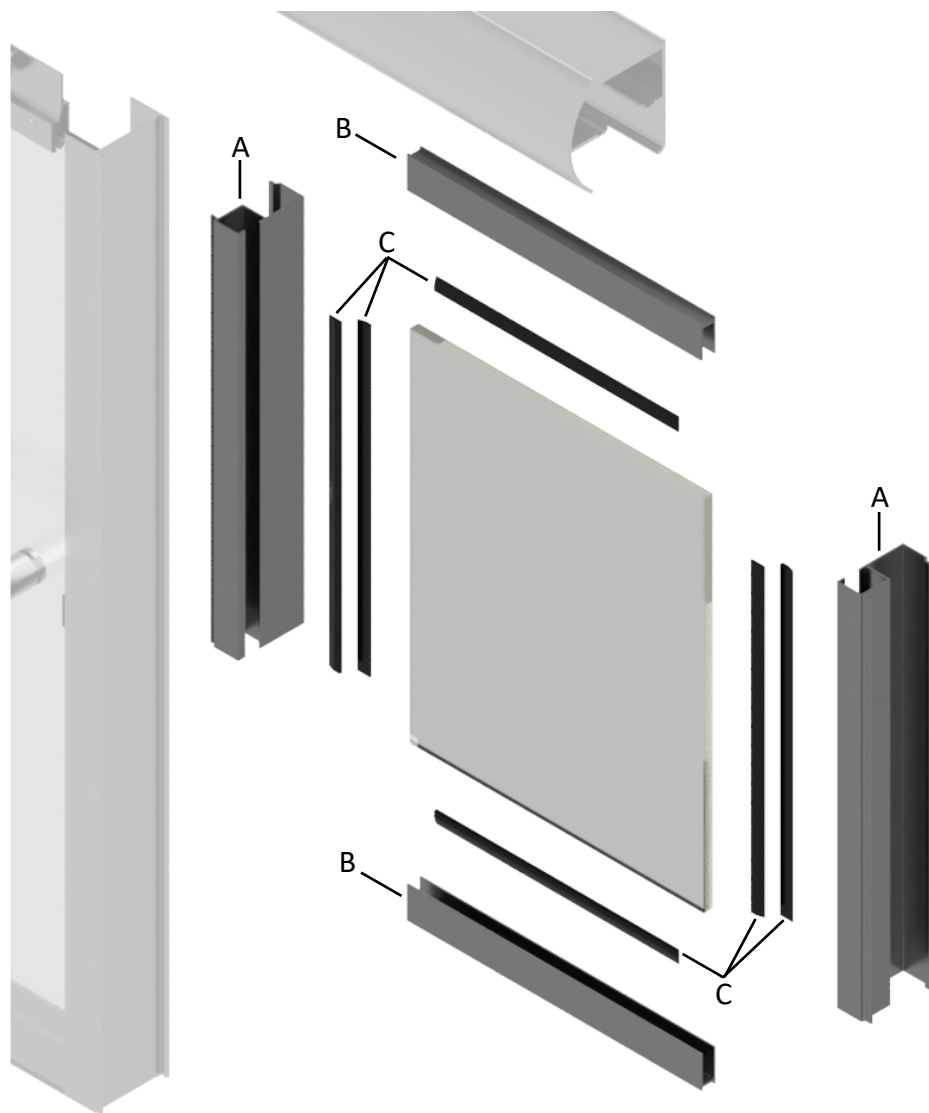

A. E-ILPJ – Slider inline post jamb

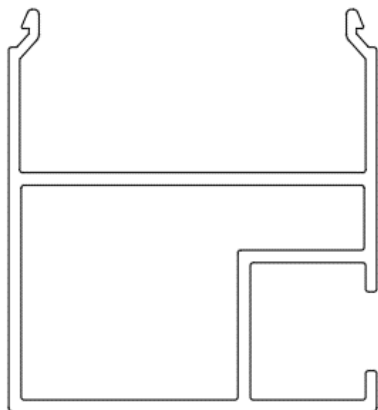

B. E-BTH – Buttress/T-hold

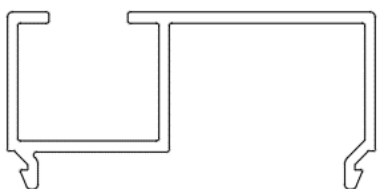

C. V-V-14 – 1/4" vertical vinyl

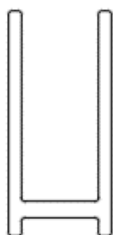

A. E-90RP – Slider 90° return post

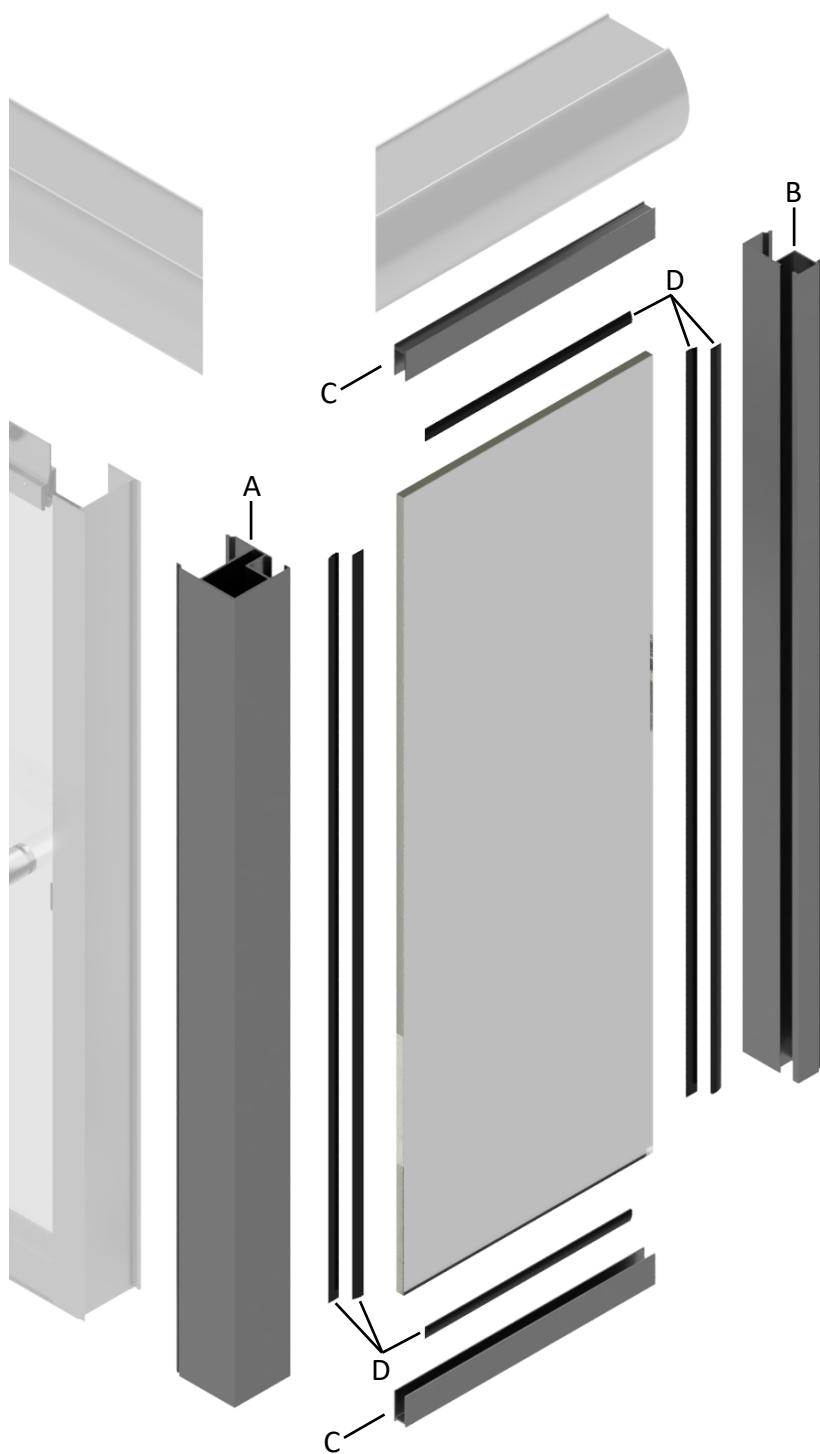

B. E-ILPJ – Slider inline post jamb

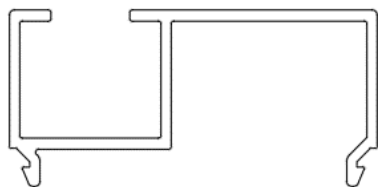

C. E-BTH – Buttress/T-hold

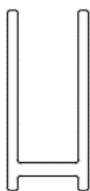

D. V-V-14 – 1/4" vertical vinyl

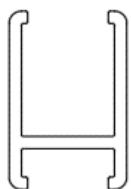

A. E-ILPJ – Slider inline post jamb

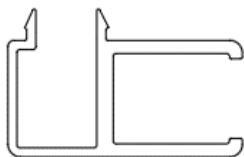

B. E-BTH – Buttress/T-hold

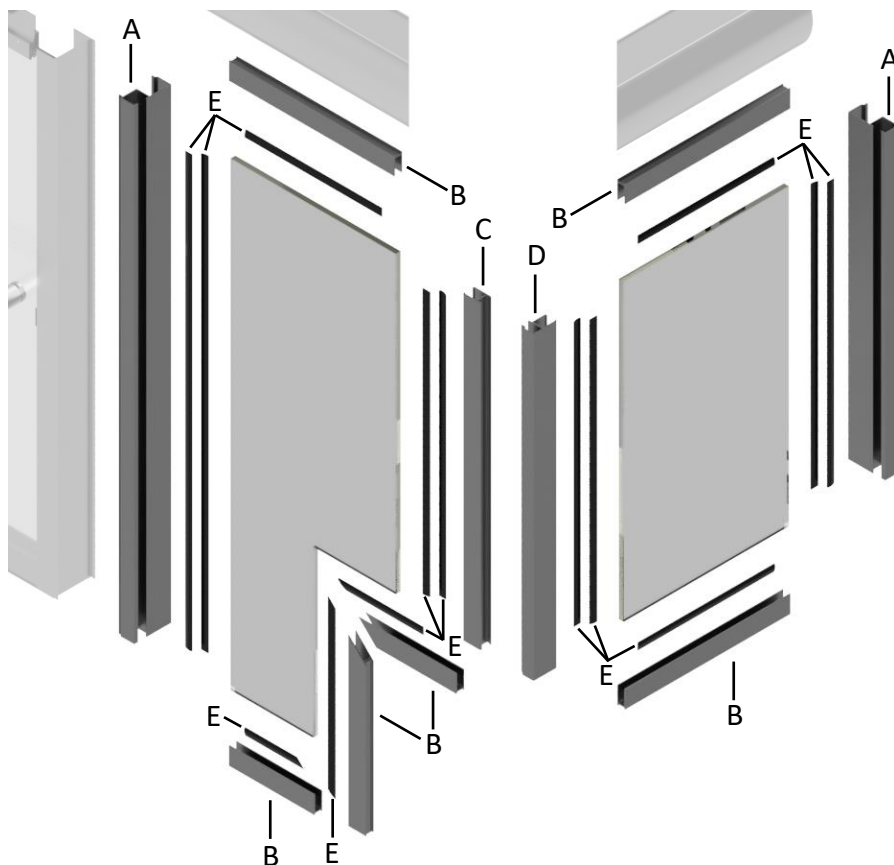

C. E-WJ – Wall jamb

D. E-90SP – 90° snap

E. V-V-14 – 1/4" vertical vinyl
